TERMS AND CONDITIONS

Please allow 6-8 weeks for processing. Prepaid Visa cards will be mailed to customers within 8-10 weeks of receipt of your complete, qualified application. You may call 888-867-3721 with questions.

Your right to receive this reward will not be earned unless you purchase a qualifying measure and follow the steps above. This reward cannot be combined with any other reward, unless specified in writing by Snohomish PUD. This reward is available to Snohomish PUD customers with an active PUD metered account and cannot be mailed outside of the United States. Snohomish PUD is not responsible for lost, late, damaged, illegible, misdirected or postage-due applications. Your rights to this reward cannot be assigned or transferred.

Excessive submissions constitute fraud and may result in federal prosecution under the U.S. mail fraud statutes (Title 18, USC 1341 and 1342). All submitted materials become property of Snohomish PUD and will not be returned. Rewards vary by product categories and level of qualifying product efficiency. Additional rewards may be eligible for purchasing qualified most efficient products and are paid in the form of a prepaid Visa card. The prepaid Visa card is not redeemable for cash or usable at any ATM. Terms and Conditions apply to the card. Cards can be used at any merchants that accept Visa debit cards within the United States and US Territories.

Participating homes are subject to verification of heat source and installation. Homeowner consents to the release of data by the smart thermostat manufacturer to the PUD so that the PUD may validate and confirm that the thermostat has been installed and connected to a qualifying heat source in order to verify compliance with rebate requirements. This consent takes effect on the date of installation of the smart thermostat or the application for rebate, whichever is later, and remains in effect for two years.

In addition, Homeowner expressly agrees that the PUD may release the Homeowner’s account information, including billing and energy usage information, to an independent third-party evaluator solely for the purposes of evaluating this program, confirming energy savings, and for other quality assurance purposes.
