## Level 2 EV Charger Equipment & Rebate Information:

New Construction: \$500/port rebate, not to exceed 10 ports

Existing Facilities requiring infrastructure work: \$1000/port rebate, not to exceed 10 ports

Manufacturer	Model	Serial #	# of Ports	Rebate Amount	Total Rebate

(continued on other side)

## Eligibility and Requirements:

- For new and existing commercial, industrial, and multifamily facilities with commercial meters located within Snohomish PUD service territory.
- New construction facilities required by Washington State to install EV infrastructure in 5% of parking spaces are eligible for a \$500 rebate per port.
- Existing facilities requiring infrastructure construction are eligible for a \$1000 rebate per port.
- The EV charger must be purchased and permanently installed. Leased EV chargers are not eligible.
- The installed chargers must be Level 2 ENERGY STAR certified and listed on the [Qualified Products List \(QPL, click to view\)](#) in effect at the time of purchase.
- This rebate is per port (or “plug”), and the maximum number of ports is ten (10); or up to five (5) dual-port EV charging stations.
- Rebate may not exceed charger purchase price (New Construction) or total project cost (Existing Facility).
- Rebate must be submitted within 90 days of purchase.

## Application Instructions:

- Purchase and install qualifying EV charger in a new or existing commercial, industrial, and multifamily facility where there is an active meter using Snohomish PUD electric services.
- Rebate may not exceed charger purchase price (New Construction) or total project cost (Existing Facility).
- Review Terms and Conditions of this application and sign the Acceptance of Terms on the next page.
- Email this completed and signed application with the following supporting documents to [eebiz@snopud.com](mailto:eebiz@snopud.com).
  - Attach a clear legible copy of your itemized sales receipt that shows retailer name, address, phone number, purchase date, manufacturer, model, purchase price and proof of payment. If applicable, contractor invoice must also include contractor name, installation date and installation address.
  - Current [W9 Form \(click to view\)](#) or [for companies outside the US, current W8BEN Form \(click to view\)](#).

Rebate processing will take 6 to 8 weeks.

Rebate payment will be sent per W9 or W8BEN listing.

## Terms & Conditions

This rebate is available to Snohomish PUD non-residential customers with an active PUD metered account. Snohomish PUD is not responsible for lost, late, illegible or misdirected submissions. Participant acknowledges that program is subject to availability of funds, and that rebate amounts and eligibility requirements are subject to change, at any time without notice. The rebate cannot be combined with any other Snohomish County PUD Energy Efficiency rebates, rewards or incentives and cannot exceed the installed cost listed on the purchase receipt or project invoice. Participant also agrees to provide, or authorize the EV charger manufacturer to provide, PUD access to their charging data; and to participate in current or future demand response programs offered by the PUD for which the PUD determines Participant is eligible. Participation in any demand response program is subject to the terms and conditions of that program.

## ACCEPTANCE OF TERMS

I hereby certify that all information provided is accurate. I have read all terms and conditions of this application and acknowledge that Snohomish PUD may verify all information provided.

Authorized Signature: \_\_\_\_\_ Date: \_\_\_\_/\_\_\_\_/\_\_\_\_
