Pursuant to Section 8.1.2 of the Arlington Community Solar Project Participation Agreement, I hereby request that the solar units ("Solar Units") assigned to me in association with Public Utility District No. 1 of Snohomish County's ("Snohomish County PUD's") Community Solar project at the Arlington Microgrid be transferred to the Snohomish County PUD Customer named above ("Recipient"). I understand that approval of this request is pending Snohomish County PUD review and is contingent upon the Recipient's eligibility to own the Solar Units, as defined in the Community Solar participation agreement and in Snohomish County PUD's sole discretion. I also understand that should this request be approved, I am relinquishing ownership of the above specified Solar Units, including any and all prospective rights and benefits associated with them, following the effective date of this transfer.
