

Safety Review

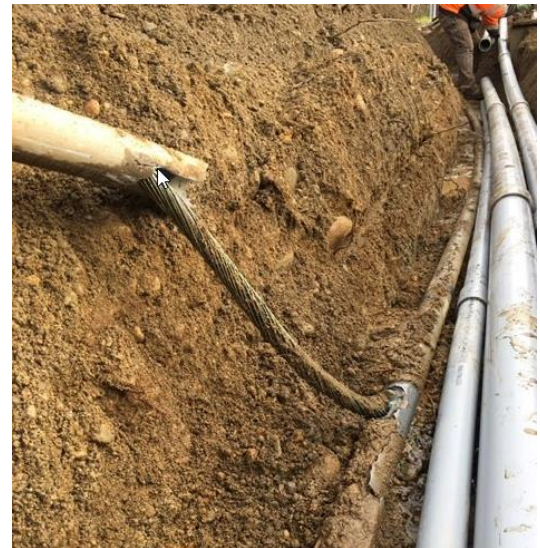

Energizing Life in Our Communities

Energized Underground Facilities

Planned: **Excavation Near Energized Lines**

Ref: DOSH 27.30 Excavation Operations

- L & I:
- Chapter 296-155 WAC, Part N, Excavation, Trenching and Shoring [Link](#)
 - Chapter 296-155 WAC, Safety Standards for Construction Work [Link](#)
 - Chapter 296-45-195 WAC, Trenching and Excavation [Link](#)
 - Chapter 19-122 RCW, Underground Utilities [Link](#)

Overview

- Snohomish County PUD values the safety of our community and customers, which also includes those working and doing business around the PUD's electrical infrastructure.
- Under no circumstances shall the customer access PUD electrical facilities. Only Snohomish County PUD personnel are authorized to access the existing PUD electrical facilities.
- Must dial 811 for locates prior to excavation or trenching with minimum two business days.
- Please contact PUD Customer Engineering at 425-783-8272 (M-F, 8 a.m. to 4:30 p.m.) to determine layout of underground electric facilities (around locates) and discuss Safety Hazards.

Discussion Points

- Exposed electrical facilities must have Snohomish County PUD personnel on site for review
- If there is any PUD emergency on site, please contact 425-783-1001 to report.
24/7
