## Accountability for Workplace Culture

Our PUD values are at the center of our culture. Putting the safety, health, and well-being of our communities and those we work with is valued above all else and everyone on Team PUD must meet this commitment daily. Nothing we do in achieving our Mission is worth a single injury, and all who interact with us must feel they are valued and welcomed as individuals.

Everyone on Team PUD, in all positions, is accountable for achieving this safe and welcoming culture by:

1. Taking full ownership for the safety of themselves and their coworkers, while ensuring everyone feels valued and welcomed.
2. Taking action to identify and eliminate their own and others' at-risk behaviors, including the behaviors that may undermine another's feelings of being welcomed and valued.
3. Following all safety rules and regulations and ensuring the PUD's expectations for conduct and respect are maintained.
4. Openly sharing near-misses, safety learning opportunities, and ways we can learn to be a more welcoming place while encouraging others to do the same.
5. Utilizing Stop Work Authority to intervene with anyone, anytime, in any place.
6. Intervening or seeking guidance to stop actions that are harmful to the wellbeing, health, or sense of belonging of others, and which are detrimental to our PUD values.

## Job Summary

Subject matter expert for at least two of the department's core functions: Rates, Economics, and Energy Risk Management. Proactive leader of at least one of these functions who delivers continuous improvement through applying best practices, creative problem solving, and deep knowledge discovery through data inference and exploration. Possesses high levels of competency in data analytics, science, and modeling. Possesses leadership skills and serves as a leading consultant to the District in these fields. Leverages leadership skills to lead teams of PUD staff and stakeholders. Coordinates and performs work with minimal supervision.

## Accountabilities

### Accountability #1

Authors materials and / or presents to the various groups including the General Manager, Board of Commissioners, and the Public with minimal supervision, and similar responsibilities.

### Accountability #2

With minimal supervision, leads Electric System Cost of Service Studies. Coordinates with Power Supply, Finance, and other Electric System Divisions on cost issues as needed. Maintains data stores necessary to perform cost of service studies and maintains knowledge of current cost of service issues in the utility business.
