## Accountability for Workplace Culture

Our PUD values are at the center of our culture. Putting the safety, health, and well-being of our communities and those we work with is valued above all else and everyone on Team PUD must meet this commitment daily. Nothing we do in achieving our Mission is worth a single injury, and all who interact with us must feel they are valued and welcomed as individuals.

Everyone on Team PUD, in all positions, is accountable for achieving this safe and welcoming culture by:

- 1. Taking full ownership for the safety of themselves and their coworkers, while ensuring everyone feels valued and welcomed.
- 2. Taking action to identify and eliminate their own and others' at-risk behaviors, including the behaviors that may undermine another's feelings of being welcomed and valued.
- 3. Following all safety rules and regulations and ensuring the PUD's expectations for conduct and respect are maintained.
- 4. Openly sharing near-misses, safety learning opportunities, and ways we can learn to be a more welcoming place while encouraging others to do the same.
- 5. Utilizing Stop Work Authority to intervene with anyone, anytime, in any place.
- 6. Intervening or seeking guidance to stop actions that are harmful to the wellbeing, health, or sense of belonging of others, and which are detrimental to our PUD values.

#### **Job Summary**

Supports IT Management and staff in reviewing, managing, and renewing vendor contracts through contract lifecycle management. The Specialist ensures adherence to policies, laws, and directives. Facilitates procurement of hardware, software, maintenance, and professional services through formal and informal processes such as Request for Proposal (RFP), Request for Information (RFI), and bids. Leads process for disposition of obsolete and surplus material in accordance of District directives.

#### Accountabilities

#### Accountability #1

Maintain transparency and the trust of our customers and stakeholders while supporting technology enhancements by coordinating the procurement processes to develop specifications, acquire bids and proposals (RFPs) to select vendors for technology hardware, software, and services. Coordinates with Contracts and Purchasing, Legal, Risk management, managers, and project managers to prepare contracts and Commission documents ensuring areas of liability and risk are managed to protect District interests. Supports procurement for small, medium, and large procurements, and similar responsibilities.

#### Accountability #2

Maintains transparency with our vendors and ensures the financial interest of the District by assisting ITS leadership in software and hardware license audits by providing accurate and timely information and reports related to contracts, payments and software licenses. Performs detailed analysis and comparisons on contracts and quotes to understand variances and cost increases. Maintains current understanding and best practices for complex software licensing and contract agreements. Supports District compliance with licensing requirements for software and hardware contracts, and similar responsibilities.

#### Accountability #3

Maintains the practice of cost-control to effectively utilize funds and manage operating costs by managing the renewal process for complex technology contracts (maintenance and support). Works closely with contract leads to determine renewal terms. This includes negotiating terms to ensure caps on cost increases and changes in terms are favorable to the District. Looks for opportunities and manages the process to consolidate and co-term contracts, and similar responsibilities.

#### Accountability #4

Supports vendor management to control costs and ensure quality by facilitating contracting process

for professional services contracts. Manages status of individual contracts and overall contracting program. Working with managers, project managers and project leads, assists in needs assessment to define requirements for contracts, provides recommendations to meet contracting requirements and similar responsibilities.

## Accountability #5

Ensures consistency and adherence to processes across all procurements and contract work by mentoring Contract; Procurement Specialist I on procedures, providing guidance, and other similar responsibilities.

#### Accountability #6

Supports timely and accurate remittance of payments to avoid late charges and errors as a backup to the Business Operations Coordinator for processing invoice payments and Service Entry Sheets.

## Accountability #7

Supports cost management and adherence to directives by assisting with the surplus processes for obsolete equipment.

## Accountability #8

Accountability #9

Accountability #10
