Accountability for Workplace Culture

Our PUD values are at the center of our culture. Putting the safety, health, and well-being of our communities and those we work with is valued above all else and everyone on Team PUD must meet this commitment daily. Nothing we do in achieving our Mission is worth a single injury, and all who interact with us must feel they are valued and welcomed as individuals.

Everyone on Team PUD, in all positions, is accountable for achieving this safe and welcoming culture by:

1. Taking full ownership for the safety of themselves and their coworkers, while ensuring everyone feels valued and welcomed.
2. Taking action to identify and eliminate their own and others' at-risk behaviors, including the behaviors that may undermine another's feelings of being welcomed and valued.
3. Following all safety rules and regulations and ensuring the PUD's expectations for conduct and respect are maintained.
4. Openly sharing near-misses, safety learning opportunities, and ways we can learn to be a more welcoming place while encouraging others to do the same.
5. Utilizing Stop Work Authority to intervene with anyone, anytime, in any place.
6. Intervening or seeking guidance to stop actions that are harmful to the wellbeing, health, or sense of belonging of others, and which are detrimental to our PUD values.

Job Summary

Works cooperatively with and in support of the Assistant Controller, the Plant and Other Accounts Receivable team to ensure the effective management of active work order portfolios and financial information processing, by partnering with District departments, acting as a liaison between various operational departments and Finance. Facilitates, expedites, assists, trains, and validates various accounting functions initiated by other departments including opening/closing work orders, creating/retiring assets, and billing/payment requests. Contributes to delivering research, analysis and problem resolution, ensuring the timely and accurate processing and maintenance of financial transactions, sub ledgers and financial reporting. Maintains the District's core values and strategic priorities, in particular responsible cost and fiscal management.

Accountabilities

Accountability #1

Relationship Management: Maintains delivering exceptional value to our customers through powerful cross group partnership and collaboration by supporting the development of positive working relationships by serving as a Finance ambassador and subject matter expert on the complete, accurate and timely processing of work order, asset, revenue and financial data and information. Facilitates engagement and proactive communication between various operational departments and Finance by interacting, responding, coordinating, and supporting the effective management of active work order portfolios. Collaborates with peers, Plant and OAR Accounting, General Accounting and Finance teams to provide friendly, positive customer service for internal and external customers, participates in ad hoc committees; supports department goals and objectives; promotes the District's core values, and similar responsibilities.

Accountability #2

Work Order Processing: Maintains demonstrating outstanding value relative to cost to our customers by supporting the District's commitment to achieve accurate and timely processing and maintenance of financial transactions, sub ledgers and financial reporting, while recovering costs fully and fairly by contributing to research and analysis to manage its active work order portfolios effectively for the Electric, Generation, and Water systems; expediting, validating and assisting with the accurate and timely completion of executed work orders, asset activity, billing functions and financial data, and similar responsibilities.

Accountability #3

Workforce Development: Supports a culture of caring, mutual respect and trust that empowers current and future employees to do their best work for the benefit of our team members, customers, partners and stakeholders by supporting the District's commitment to empower employees, provide employees

opportunities to develop skills, and to support employees through change by contributing to the development and delivery of training programs, job aides and work tools; assisting with and validating various accounting functions initiated by other departments including opening/closing work orders and billing/payment requests; responding to and giving guidance for internal and external inquiries as a plant and other accounts receivable subject matter expert, and similar responsibilities.

Accountability #4

Compliance: Supports achieving the highest level of employee and community trust in how the District manages compliance by supporting the District's accountability to Federal, State and Local agencies by consistently learning and applying knowledge of business processes and risk based audit procedures that ensure the District remains in compliance with laws, regulations, and internal directives; supporting the maintenance of documentation sufficient to comply with audits requiring asset and revenue data support, and similar responsibilities.

Accountability #5

Financial Planning Reporting & Analysis: Maintains transparency to the District's rate payers, customers and financial investors by learning and applying knowledge of GAAP, FERC and NARUC reporting standards; through consistent application of internal controls that will mitigate risks to the completeness, accuracy and timeliness of financial reporting and analysis; by reviewing and validating various accounting functions initiated by other departments including opening/closing work orders and billing/payment requests, to ensure the accurate classification of work order activity and asset data and the accurate preparation of contract and billing transactions. Supports the research, development and analysis related to ad hoc managerial reporting, monthly and annual financial statements as well as work order KPI tools, and similar responsibilities.

Accountability #6

Business Application / Data Management: Maintains the public's confidence in the quality of the District's financial data management by supporting integrity over the District's asset and revenue related business applications and data through continuous assessment of risks and recommendations for continual improvements related to business processes including opening/closing work orders and billing/payment requests, as well as reporting requirements. Provides project support; consistent support for the application of systematic business processes; support for complex data analytics and the flow of financial data between District workgroups, that is timely, accurate and complete, and similar responsibilities.
