MARCH 2024 / SNOPUD.COM

Where Your Rate Dollar Goes

Because the PUD is a not-for-profit utility, all of your rates go back into the system, making it as reliable and environmentally sustainable as possible. *Cents are from every dollar:*

52¢ Purchasing and delivering power to our region

20¢ Building for the future

19¢ Maintaining the grid to ensure reliability

6¢ Taxes

3¢ Conservation and energy efficiency

Rising costs are an ongoing challenge. *Learn more at snopud.com/costs.*

Join Your PUD to Celebrate Earth Day!

Saturday, April 27, 11 am to 2 pm at our downtown headquarters in Everett.

New this year! Presentations in our auditorium:

- Tips from PUD experts and financial institutions on installing solar panels on your home or business.
- Focus on heat pumps and other ways to make your home or business more energy efficient.

Learn more at snopud.com/energyblockparty.

PUD Raises Rates to Address Rising Costs

The PUD's Board of Commissioners recently passed a 5.8% revenue adjustment as part of its 2024 electric budget.

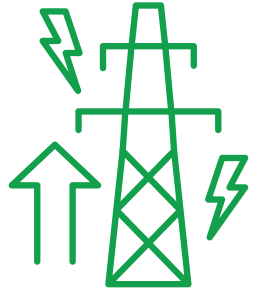

For the typical residential electric customer, the base charge will increase from 35 cents per day to 59 cents on April 1. The usage charge for residential customers will remain relatively flat, making it so a typical residential customer's bill will increase by approximately \$6 per month.

For PUD small business customers, the proposed rate increase will only affect their customer charge, resulting in an increase

from 58 cents per day to 92 cents. All electric rate increases will take effect on April 1.

PUD water customers will see a rate increase of 5.4% on their bills this month. Part of the rate increase is due to a 2.4% pass-through rate increase from the City of Everett.

For a list of electric and water rate increases by customer classification, visit: snopud.com/rates.

Income-Qualified PUD Bill Discounts

You may be eligible for a 25% or 50% discount off your PUD bill, based on your income level.

Visit snopud.com/discounts to learn more and see if you qualify.

Explore Hydropower in Action

Join us Saturday, May 18 for Hydropower Appreciation Day at the Woods Creek Sustainability Center. This is a great opportunity to learn about hydropower, the source of about 80% of the electricity that powers your home each day! Visit snopud.com/waterwow to reserve your space.

Learn How the Inflation Reduction Act (IRA) Can Help You Save

The IRA has incentives aimed at helping homeowners and business owners be more energy efficient and save money. For our next free Power

Talks event, Thursday, March 28 from noon-1 pm, we'll have experts to help you navigate how to get the most out of rebate and tax incentives.

Register today: snopud.com/powertalks.
