Energizing Life in Our Communities

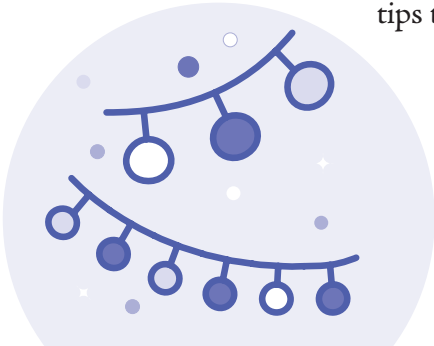

# THE WIRE

DECEMBER 2025 / [SNOPUD.COM](http://SNOPUD.COM)

## Holiday Conservation Tips

As temperatures fall this winter, make sure to take advantage of these easy tips to save on your bill!

LED holiday lights use up to 80% less energy than old incandescents. They are also safer because they emit less heat!

Seal gaps around windows and doors to help keep heat in.

Bundle up before you turn it up. Additional clothing may be all you need to stay cozy.

Replace or clean your furnace filters: Clogged filters can make your heating equipment work harder.

Visit [snopud.com/rebates](http://snopud.com/rebates) to see current rebates on weatherization and heating projects.

Energy assistance for neighbors in need

### Give the gift of warmth this season!

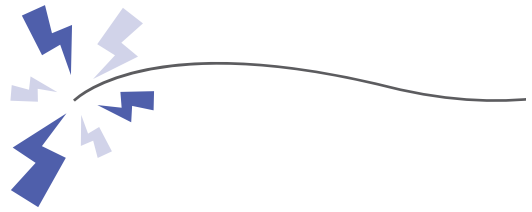

Our Community Energy Fund helps families in need with a bill credit of up to \$200. Our first-ever Community Energy Run to actively raise program funds will happen in 2026! Look for more info in the new year.

Visit [snopud.com/CEF](http://snopud.com/CEF) to donate today.

### Employee Spotlight: Hoon Ha

For nearly 30 years, Hoon Ha has been a vital part of Team PUD. He’s led major projects like integrating Sound Transit’s Link Light Rail into the Cedar Valley substation, redesigning the Honor Farm/Qualco site, and planning the District’s annual electric system capital budget. Known for his excellent customer service, Hoon recently traced a power issue for a flower shop in Edmonds all the way back to the substation to find the root cause.

### Over 400 Homes Earned Green Home Rewards in 2025!

This program offers financial incentives to new homebuilders who construct energy-efficient homes and ADUs—helping future residents save on energy costs for years!

Visit [snopud.com/greenhomes](https://snopud.com/greenhomes) to explore smart savings and discover how energy efficiency can lead to a more comfortable, cost-effective home.

### Safety Spotlight: Downed Power Lines

It’s never safe to approach a power line on the ground! Downed lines can be deadly. Stay at least 30 feet away and call the PUD immediately to report the location of any fallen line. Visit [snopud.com/fallenlines](https://snopud.com/fallenlines) to learn more.

Report fallen lines at: (425) 783-1001. Call 911 if a life-threatening emergency.

### Give yourself the gift of less clutter!

Shred the paper pile and simplify with MySnoPUD.com. Our free online portal makes it easy to pay your bill, track your energy usage, and access past statements—all in one tidy place. Plus, this is the last month to enter for a \$100 bill credit! Learn more at [snopud.com/growpaperless](https://snopud.com/growpaperless)

### Rebate, Rebate!

Claim rebates on qualified energy-efficient washers, dryers, thermostats and EV chargers at our Rebate Center ([snopud.com/rebatecenter](https://snopud.com/rebatecenter)). Want a residential EV charger rebate? Hop to it, they end with 2025.

Find details about what products qualify by visiting [snopud.com/connect2save](https://snopud.com/connect2save)

WE WISH YOU ALL THE VERY BEST FOR THE NEW YEAR!
