**STATE ENVIRONMENTAL POLICY ACT
DETERMINATION OF NON-SIGNIFICANCE**

Date of Issuance:

December 11th, 2025

Name of Proposal:

Getchell 115kV Switching Station

Description of Proposal:

The proposed project includes a new electrical transmission switching station located at 9009 84th Street NE, Arlington. The station will support load growth and increase transmission reliability in the north Snohomish County service area. The project consists of approximately 6 acres of clearing on-site to construct a 1.4-acre switch yard for six 115kV line positions plus room for two future line positions. The construction includes access roads, stormwater facilities, fencing, and landscaping with an irrigation system. Site construction is proposed to start in May 2026, with the switching station electrical construction occurring through 2027.
