Employee Profile

In recognition of Morgan Stoltzner, Deputy Clerk of the Board, for achieving her Master Municipal Clerk (MMC) Designation from the International Institute of Municipal Clerks (IIMC).

The International Institute of Municipal Clerks (IIMC) is a professional, non-profit association that promotes continuing education and certification through university and college-based institutes and provides networking solutions, services, and benefits to its members worldwide.

The Master Municipal Clerk program is the second and more advanced of the two professional designations granted by IIMC. The MMC program is an advanced continuing education program that prepares participants to perform complex municipal duties. The program has an extensive and rigorous educational component and a professional contribution component. The MMC applicant must demonstrate they have actively pursued education and is designed to enhance the job performance of the Clerk. The MMC is enhanced by providing them with quality education in partnership with institutions of higher learning, as well as State / Provincial / National Associations. The MMC program has been assisting clerks to excel since 1970.

To obtain her MMC, Morgan had to meet the following requirements:

1. Hold a CMC designation in good standing.
2. Be an active member of IIMC.
3. Reaffirm and practice the IIMC Code of Ethics.
4. Perform the core duties of a municipal clerk by serving a Legislative Government Body (LGB) in an administrative managerial capacity.
5. Attain 100 - hours of advanced education.
6. Attain points in the Experience category; Work Experience, Conference Attendance, Continuing Education, Business or Vocational Courses, College or University courses, and Committee work.

Morgan began the process of earning her MMC in 2025 and was presented with a certificate of completion on May 28, 2026.

Washington State currently has 59 Clerks awarded the MMC designation.

Please join me in congratulating Morgan on her hard work and dedication in earning her Master Municipal Clerk Designation. This is quite an accomplishment. Congratulations Morgan!

HEREBY CONFERS THE TITLE OF

Master Municipal Clerk

UPON

Morgan Stoltzner, MMC

Contractor

Subtotal (plus tax)

Award To: Rev Drilling, Inc.

\$413,000.00

Summary Statement: Staff recommends award to Rev Drilling, Inc., the low evaluated bidder, in the amount \$413,000.00, plus tax.

Cooperative Purchase Recommendations

July 21, 2026

State law permits a public agency to purchase from a contract entered into by another public agency as long as the contract is determined to have been awarded in compliance with the bidding requirements of the agency seeking to make the purchase, provided that the requirement for advertising or providing notice for bids is deemed satisfied if the awarding entity advertises according to its own bidding requirements, and either (i) posts the advertisement on any website sponsored by a public agency, purchasing cooperative or similar service provider, or (ii) provides an access link on the state's web portal to the notice. District staff have verified through documentation and/or individual questions to the applicable awarding entity that the bid process used for each purchase recommended below meets the District's procurement requirements.

Accordingly, staff recommends approval of the following contracts/amendments:

CONTRACTS:

Awarded Vendor: Ben-Ko-Matic dba Owen Equipment	\$ 727,794.15
---	---------------

Purchase Order/Contract No. 4500106664

El Sol al Alcance de tus Manos Artwork and Outreach Update

Kelsey Lewis, Customer and Energy Services Program Manager III

Hayley Tengs, Regulatory Scientist II

July 21, 2026

Previously presented March 4, 2025

Purpose and Expectations

Inform the Board of the artwork and engagement status.
No action requested.

Agenda

- Project progress and partners
- Collaboration with City of Everett
- Background
- Materials
- Design
- Installation progress
- Celebration

Progress & Partners

2021 – Open Field

2024 – Community Solar

2026 – Pedestrian Path, Trees and Art

Partners:

- ✓ City of Everett
- ✓ Department of Commerce
- ✓ WSU Energy Program
- ✓ Connect Casino Road
- ✓ Local Artists
- ✓ Westmont Holly Neighborhood Association
- ✓ Mukilteo School District
- ✓ Snohomish County Conservation District
- ✓ Denny Juvenile Justice Center

Tree Planting Collaboration With City of Everett

- 15 new trees planted along new pedestrian trail
- PUD and Everett arborists collaborated on tree species and care
- Trees acquired through Urban Community Forestry Program grant
- Snohomish Conservation District and City hosted volunteer planting event in May 2026

Artwork and Outreach Background

2022 - Project name selected by the community

Sugerencias del nombre
por el proyecto solar

* Casino Road Community Solar

* TALOR ROAD COMMUNITY CENTER
* Clean Energy

* El Sol a tus

* El Sol al alcance de tus manos.

Artwork and Outreach Background

2023 - Local Artists Hired:
Luisana Hernandez
Ruben Trujillo
Yessica Marquez

Artwork and Outreach Background

2024 - Horizon Elementary Students, Energy Block Party Kids, and Denney Youth participate

1000 pieces painted by local youth

Pieces finished by PUD Facilities team

Artwork Materials

PUD recycled materials incorporated into the design

Artists worked with the warehouse to source items that would work for the project

Artwork Design

EL SOL AL ALCANCE DE TUS MANOS

In an ever-changing and uncertain world, the last Solar Robot leaves the city scape behind with one thought on his mind

*In an ever changing and
uncertain world, the last
Solar Robot leaves the
cityscape behind with only
one directive:*

Surrender what you think you know, plant the seeds you wish to grow

Even in your darkest hours – ours in a sea of faces kissed by the glow of a midmorning sun – something beautiful bloomed

Even in our darkest hours – ours in a sea of faces kissed by the glow of a midmorning sun – something beautiful bloomed.
ultrices gravida. Pibus commodo viverra maecenas accumsan lacus vel facilisis.

We began to understand that our collective wellbeing was contingent upon collaborative dreaming

Artwork Installation Progress

- Letters installed at the beginning of June 2026
- Individual pieces installed end of July/early August 2026
- Suns and hands to be installed end of August 2026

Celebration

- When: Saturday September 19, 2026, from 10:00 am – 1:00 pm
- Where: The site at Walter E. Hall Park
- Who: Community members and representatives from involved organizations
- What: Remarks from civic leaders, community celebration, interactive activities, project partners, and organizations who helped bring the project to life

Thank You!

Environmental Programs

Colleen Murphy, Manager, Environmental Affairs

July 21, 2026

Purpose Of Today's Presentation

Provide an overview and status of the District's Environmental Programs as related to the District's Strategic Objective 4.1: Minimize our Environmental Impact.

Action: None, informational purposes only.

Environmental Stewardship at the PUD

Major Environmental Milestones

- 1970s PUD establishes first environmental programs
- 1980s PUD expands environmental programs
- 1993 Commission passes Resolution No. 4028 Hazardous Substance Use and Waste Reduction
- 1995 PUD and US Department of Energy establish Climate Change Memorandum of Understanding
- March 2007 PUD establishes a Climate Change Policy
- 2000s Added “environmentally sound manner” to the District’s Mission Statement
- 2020 PUD establishes Environmental Commitment
- 2026 Environmental Sustainability Action Plan adopted

Environmental Stewardship: A Shared Responsibility

The Environmental Stewardship Committee (ESC)

- Cross-functional committee with more than 30 PUD departments represented
- Advisory, **decision-making and action body** to aid in the strategic coordination of environmental stewardship initiatives' development and implementation
- Provide resources, expertise, and input into the development and implementation of the Environmental Sustainability Action Plan (ESAP)

Environmental Affairs Responsibilities and Business Value

Environmental Affairs

Protecting our environment, serving our community

Mission – why do we exist?

As industry leaders, we advocate for and facilitate environmental excellence in utility operations.

Vision – what do we do?

We collaborate and consistently inspire environmental stewardship in Team PUD and the greater community.

Environmental Affairs

- Regulatory Compliance
- Environmental Integration
- Sustainability Program Management
- Training and Continuous Improvement
- Risk Management
- Future Readiness

Why This Matters To The Commission

Environmental Affairs Provides

- Governance and Risk Oversight
- Regulatory Compliance Assurance
- Transparency and Public Trust
- Sustainability and Resilience

Spill Response

Avian Protection

Environmental Planning

Waste Management

Circular economy

Rethink • Reuse • Recover

Environmental Sustainability Action Plan

ESAP Roadmap

Environmental Sustainability Action Plan: Purpose and Vision

- Purpose of ESAP
- Vision for Sustainability
- Key Focus Areas
- Leadership and Engagement

ESAP Governance and Accountability Framework

- Governance Structure and Roles
- Cross-Functional Collaboration
- Accountability and Performance Metrics
- Continuous Improvement

Current ESAP Progress And Early Accomplishments

- Starting from a very strong foundation
- Baseline sustainability metrics
- Greenhouse Gas Inventory
- Pilot programs
- Data management and reporting
- Employee engagement and awareness

Closing Perspective: Protecting Today And Preparing For Tomorrow

| ☒ Policy Decision | | |
| ☒ Statutory | | |

SUMMARY STATEMENT:

Identify the relevant Board policies and impacts:

Governance Process, Board Job Description GP-3(4)(C)(1), a non-delegable, statutorily assigned Board duty: Rates/Fees. Establish and maintain rates and charges for electric energy and water and various other services, facilities, and commodities sold, furnished or supplied by the District.

The District faces evolving grid resiliency needs and new regulatory environments, notably Washington State Law SB-5445 which provides regulatory compliance credit for Demand Response. Historically, implementing demand response can involve significant administrative needs, IT demands, increased strain on overhead, and heightened risk.

To best address the District's modern resiliency needs and create a new, low-technology opportunity for customer partnership, the District has created the "FlexReady for Business" pilot rate schedule. This voluntary schedule offers business customers, taking service under Schedules 20 and 36, the ability to elect an amount of interruptible or flexible load based on their historical maximum peak load. In exchange, the District may call a load curtailment event to align with Western Resource Adequacy Program ("WRAP") sharing events, during which these customers

agree to use reasonable efforts to reduce load. To limit customer risk and encourage participation, events are strictly limited to no more than one per calendar year and one hour per event, with no penalties assessed for failing to curtail load. Value generated from the program's environmental compliance avoided costs is shared with participating customers and applied as a bill credit the following January.

This pilot rate schedule would begin October 1, 2026, and expire December 31, 2030. It is the District's expectation that this program will then be evaluated on a year-to-year basis. The District therefore proposes the creation of the "FlexReady for Business" Supplementary Pilot Rate Schedule.

Agenda

Program Design

Win-Win

Timeline

This briefing is informational in nature and intended to support a planned Commission Resolution on August 4, 2026.

Program Design

NEW RESILIENCY TOOL + REGULATORY BENEFITS

- **Leverage** WA State Law SB-5445 (*regulatory compliance credit for Demand Response*).
- **Minimize** administrative needs, IT demands, overhead, risk and complexity.
- **New opportunity** for customer partnership.
- **Low-technology** demand response adds a new resiliency tool for the PUD, while providing regulatory benefits.

MECHANICS

- Business customers (Schedules 36, 20) **elect an amount** of interruptible/flexible load.
- PUD may make call(s) to **reduce load during periods of grid stress** (at most 1 event per year, 1 hour per event).
- Program included in **Energy Independence Act** filings.
- Value of program **credited back to participating customers** the following January.

Win-Win For All

- **FlexReady for Business** provides a new, low-cost tool for grid resiliency while providing regulatory benefits.
- Customer **participation is optional**, simple, and provides shared value.

Example: 100kW attested load is worth ~\$2,500 to our customer that would have otherwise gone to regulatory costs.

- Customer risk is limited. Non-participation results in foregoing the following year credit; no punitive penalty structure.

Near-Term Timeline

- Key Account Customer Engagement:
 - Connect with customers from select sectors or previous programs.
 - Begin enrollment at program launch.
- Program launch between September and October 2026.
- January 2027 first payments credited as bill credits.
- April 2027 PUD includes program in our compliance filing.
- Give bill credit and claim benefits each year, recurring value.
- Pilot set to run through 2030, then evaluate on a year-to-year basis.

Next Steps

Hold a formal
public hearing
on
July 21, 2026.

Bringing a resolution
authorizing the pilot
rate on
August 4, 2026.

Questions are welcome!

SUMMARY STATEMENT:

Identify the relevant Board policies and impacts:

Governance Process, Board Job Description, GP-3(4)(F)(1) a non-delegable statutorily assigned Board Duty to authorize acquisition and the disposition of certain properties and payment therefore.

The District previously leased a vacant parcel located at 1450 80th Street SW, Everett, Washington ("Property"), as a site to store utility poles and other material. The term of the lease for the Property will expire on October 31, 2026. The District has long-term plans to increase storage capacity but continues to need additional storage space that is provided by the Property. The property owner is willing to extend the term of the lease through October 31, 2029.

RECOMMENDATIONS/FUTURE ACTIONS:

District staff recommend the District Board of Commissioners approve and authorize execution of a lease addendum to extend the term of the Lease through October 31, 2029.

RESOLUTION NO. _____

A RESOLUTION Approving a Lease Addendum to Extend the Term of a Lease Agreement With Linda Bell of Roger Bell Real Estate Holdings, LLC, to Lease Vacant Property Located at 1450 80th Street SW, Everett, Washington, and Authorizing the District Manager, Real Estate Services, to Execute Said Lease Addendum on Behalf of Public Utility District No. 1 of Snohomish County

WHEREAS, Public Utility District No. 1 of Snohomish County (“District”) previously leased a vacant parcel located at 1450 80th Street SW, Everett, Washington (“Property”), as a site to store utility poles and other material; and

WHEREAS, the term of the lease for the Property will expire on October 31, 2026; and

WHEREAS, the District has long-term plans to increase storage capacity but continues to need additional storage space that is provided by the Property; and

WHEREAS, the property owner is willing to extend the term of the lease through October 31, 2029, in accordance with the terms and condition of the proposed Lease Addendum (“Lease Addendum”) (Attachment 1); and

WHEREAS, District staff recommend the District Board of Commissioners approve and authorize execution of said Lease Addendum.

NOW, THEREFORE, BE IT RESOLVED by the Board of Commissioners of Public Utility District No. 1 of Snohomish County that the proposed Lease Addendum (Attachment 1) is hereby approved and the District Manager, Real Estate Services, or her designee, is authorized to execute the Lease Addendum in substantially the form set forth in Attachment 1, subject to the final version of said Lease Addendum being reviewed and approved by the District’s Deputy Counsel or her designee.

**ADDENDUM NO. 2 TO
CBA-LEASES LEASE AGREEMENT**

~~The following terms are made part of and incorporated by this reference into~~ THIS IS ADDENDUM NO. 2, DATED MAY 22, 2026, TO the Lease Agreement ("Agreement") dated September 5, 2023 between Linda Bell of Roger Bell Real Estate Holdings, LLC, a(n) Limited Liability Company ("Landlord") and Public Utility District No. 1 of Snohomish County, a(n) a Municipal Corporation ("Tenant") concerning the leased commercial premises commonly known as ±48,000 square feet of gross land area ("Premises"), which Premises are part of the real property located at 1450 80th Street SW, Everett, WA 98203 and commonly known as Morgan Aero Property ("Property").

LEASE EXTENSION AGREEMENT

LANDLORD AND TENANT AGREE AS FOLLOWS: 1. Lease Extension Term:

Thirty-six (36) months.

2. Commencement Date:

November 1, 2026

3. Premises:

The fenced in yard area totaling ±42,000 SF of usable land area, known as 1450 80th Street SW, Everett, WA, as shown on the attached Exhibit A.

4. Base Rent:

11/1/2026-10/31/2027: \$7,550/mo gross (\$0.18 psf)
11/1/2027-10/31/2028: \$8,775/mo gross (\$0.21 psf)
11/1/2028-10/31/2029: \$10,040/mo gross (\$0.24 psf)

Per the above rent schedule, the base rent increases by 3%, plus \$1,000 annually.

5. The Fence:

The existing fence that secures the premises will remain on the property at the time Tenant vacates the property.

6. Public Utility District No. 1 of Snohomish County Board of Commissioners Approval

This Lease Agreement is expressly contingent upon the Public Utility District No. 1 of Snohomish County Board of Commissioners approving it and authorizing the Tenant to enter into this Lease Extension Agreement. Tenant shall provide Landlord written confirmation of Commission approval via email to Matt.Henn@kidder.com. Upon written notice, this Lease Extension Agreement will be in full force and effect.

7. Disclaimer:

All other terms and conditions of the Agreement remain unchanged and in full force and effect.

SUMMARY STATEMENT:

Identify the relevant Board policies and impacts:

Governance Process, Board Job Description, GP-3(4)(F)(1) a non-delegable statutorily assigned Board Duty to authorize acquisition and the disposition of certain properties and payment, therefore.

The District's Jackson Hydroelectric Project site ("Jackson Campus") has transitioned from an unmanned powerhouse to a site having 18-20 persons regularly reporting to and working at the Jackson Campus. The Jackson Campus is constrained and lacks adequate storage space. District staff have identified a warehouse building available for sublease and located at 14130 339th Avenue SE, Sultan, Washington, that will provide a reasonably close and suitable site to store Jackson Campus equipment and materials. The current tenant is willing to sublease the warehouse building to the District for a three-year period in accordance with the terms and conditions of a proposed warehouse sublease agreement.

RECOMMENDATIONS/FUTURE ACTIONS:

District staff recommend the District Board of Commissioners approve and authorize execution of the proposed the warehouse sublease agreement.

WAREHOUSE SUBLEASE

This Sublease is made effective the ____ day of August, 2026 (the “**Effective Date**”), between **33809HWY2, LLC**, a Washington limited liability company (“**Sublessor**”), and Public Utility District No. 1 of Snohomish County, a Washington municipal corporation, and commonly doing business as (dba) Snohomish County PUD (“**Sublessee**”).

Recitals

A. Sublessor entered into that certain Commercial Lease agreement dated March 1, 2017, as amended by that certain First Amendment to Commercial Lease with an effective date of July 1, 2021 (the “**Master Lease**”) with Telecon Properties, LLC, a Washington limited liability company, as landlord (“**Landlord**”), whereby Sublessor is the lessee of certain commercial property commonly known as 14130 339th Avenue S.E. and 33809 State Route 2 in Sultan, Snohomish County, Washington, consisting of Assessor’s tax parcel nos. 280833-004-002-00, 280833-004-016-00, 280833-004-024-00, 280833-004-025-00, and 280833-004-036-00, legally described as set forth on Exhibit A (the “**Property**”). A copy of the Master Lease, including all amendments and addenda thereto, is attached as Exhibit C.

B. Sublessee desires to sublease a portion of the Property consisting of Building G of approximately 11,520 square feet, located on tax parcel number 280833-004-025-00, as generally depicted on Exhibit B attached hereto (the “**Premises**”), and Sublessor is prepared to sublease the Premises to Sublessee on the terms set forth below.

Wherefore, Sublessor and Sublessee agree as follows:

1. Sublease of Premises; Access and Parking. Sublessor hereby leases to Sublessee, and Sublessee hereby leases from Sublessor, the Premises as defined above. Sublessor also grants to Sublessee a right of access from Rice Road/339th Street via the driveway along the east side of the Premises, for loading, unloading and temporary parking purposes, provided that any parking shall not exceed (2) vehicles, and shall not obstruct access to other portions of the Property. Tenant shall have access to the restrooms in the office building during the normal business hours of its occupant. Tenant would be permitted to maintain a ‘Honey Bucket’ (or equivalent) at its Premises for use during non-business hours when the office restroom is not available.

2. Tenant shall have access to the restrooms in the office building during the normal business hours of occupant, PIP. Tenant would be permitted to maintain a ‘Honey Bucket’ (or equivalent) at its Premises for use during non-business hours when the office restroom is not available

3. Term. The “**Term**” of this Sublease shall commence on August 1, 2026 (the “**Commencement Date**”) and shall continue for a period of thirty-six (36) months ending on July 31, 2029. Additionally, Sublessee shall have the option to extend the lease by one additional 36-month term.

Early Occupancy: Upon full, mutual execution of a binding sublease, and Landlord’s receipt of all prepaid rent, security deposit, and insurance certificate; Tenant shall have

early access and temporary occupancy of the Premises for its build-out, FF&E, and general setup. Notwithstanding the foregoing, Sublessor shall have the right to continued storage of its personal property (primarily, the boat), until the Commencement Date.

4. Permitted Uses. The Premises shall be used by Sublessee solely for warehousing, storage and dispatch of utility equipment, vehicles, and materials, and other related legal uses, provided there are no hazardous materials stored on the Premises beyond de minimis quantities. In no event shall Sublessee use the Premises for any use prohibited by applicable laws, codes or regulations.

5. Rent. For the commencement of the Term and continuing through July 31, 2027, Sublessee shall pay Rent to Sublessor in the amount of six thousand five dollars (\$6,500.00) per month. Such Rent shall increase by 3% on each anniversary of the commencement date. All payments of Rent by Sublessee shall be made to Sublessor at the address set forth below Sublessor's signature, or at such other address or by electronic transfer to such bank account as Sublessor may hereafter designate by written notice to Sublessee. Any Rent payment not received by Sublessor within five (5) business days of the due date shall be subject to a 5% late payment fee. Upon execution of this Sublease, Sublessee shall pay a \$10,000 security deposit and prepay first and second month's Rent to Sublessor.

6. Real Property Taxes. Under the terms of the Master Lease with the owner of the Property, Sublessor is responsible for payment of all real estate taxes and assessments for land and improvements ("**Real Property Taxes**") that are levied or assessed on the Premises during the Term. Sublessee shall reimburse Sublessor for 25% of the amount of the Real Property Taxes for assessor's tax parcel 280833-004-025-00 per year (based upon Sublessee's occupancy of 1 of the 4 buildings located on that tax parcel), prorated for 2026 and for the final portion of Sublessee's occupancy of the Premises if it does not end on the last day of that calendar year. Such reimbursement shall be made within ten (10) days following written notice that Sublessor has paid each installment of such Real Property Taxes, which notice shall include a copy of the tax billing paid by Sublessor.

7. Utilities. During the Term, the only utility to be made available by Sublessor to Sublessee at the Premises is electricity. Sublessor shall bear the cost of electricity for lighting only, with such lighting to be turned off when the Premises are not occupied by Sublessee's employees or representatives. Any additional costs for electricity usage (including but not limited to electricity consumed by the operation of equipment) shall be reimbursed to Sublessor by Sublessee, within five (5) business days' following written notice to Sublessee, which notice shall include a copy of the electricity billing reflecting extra usage by Sublessee. In the event that extra usage continues for more than two consecutive months, Sublessor may require Sublessee to pay an advance deposit for utilities with its Rent payment, to be applied against the cost of such usage when it has been determined. Sublessor shall not be liable for any failure of electricity service for any reason whatsoever.

8. Premises Accepted "As Is." The Premises, including each of the buildings have been inspected and are accepted by Sublessee in their present condition, "as is" and with all of their faults, whether patent or latent. Sublessor shall have no obligation to repair or improve the Premises, except that as between Sublessor and Sublessee, Sublessor shall be responsible for

maintaining the roof, exterior walls and original structural foundations of the Premises, at Sublessor's expense, unless the damage was caused by Sublessee or any of its invitees, in which case, Sublessee shall be solely responsible.

9. Care of Premises; Repairs and Improvements. During the Term, Sublessee shall maintain the Premises in as good and safe condition as existed on August 1, 2026, ordinary wear and tear excepted and excluding repairs which are the responsibility of Sublessor under Section 7, above. Sublessee shall repair any damage to the Premises occurring during the Term, and Sublessee shall be responsible for making any alterations to the Premises which are mandated by governmental authorities. Sublessee shall also be responsible, at its expense, for light bulb replacement and for keeping the Premises in broom clean condition. No material repairs or alterations of the Premises shall be made without Sublessor's prior written consent, which will not be unreasonably withheld. Sublessee shall keep the Premises free from any liens arising out of any work performed, materials furnished or obligations incurred by Sublessee. At the expiration or sooner termination of this Sublease, Sublessee shall quit and surrender the Premises in condition complying with the terms of this Sublease, and will deliver up all keys belonging to the Premises to the Sublessor.

10. Risk of Loss. All personal property of Sublessee located on the Premises shall be at the sole risk of Sublessee, and Sublessor shall not be liable for theft, damage or loss of such personal property.

11. Liability Insurance. Sublessee is self-insured and will provide a Letter of Self Insurance to the Sublessor. ~~During the Term of this Sublease, Sublessee shall at its sole expense obtain and keep in force a commercial general liability policy of bodily injury and property damage insurance, insuring Sublessor and Sublessee against any liability arising out of the use, occupancy or maintenance of the Premises. Such insurance shall be a combined single limit policy in an amount not less than One Million Dollars (\$1,000,000) per occurrence and Two Million Dollars (\$2,000,000) in the aggregate. Such insurance shall identify Sublessee as the named insured and the Property Owner and Sublessor (and any mortgagee of Sublessor of which Sublessee has received written notice) as additional insureds. The policy shall provide that it may not be cancelled or terminated without thirty (30) days' prior written notice to Sublessor. Sublessee shall provide a copy of liability policy and declarations page confirming coverage of Sublessor as described above within 10 days following the execution of this Sublease.~~

12. Property Insurance. During the Term, Sublessor may procure and maintain property insurance upon the building located on the Premises, at Sublessor's cost and in an amount to be determined in Sublessor's sole discretion.

13. Damage or Destruction. If at any time during the Term, the Premises are damaged or destroyed by a fire or other casualty, and Sublessor notifies Sublessee that Sublessor is unable or unwilling to repair or reconstruct such damage within sixty (60) days after the casualty occurs, either party may terminate this Sublease by written notice to the other party. Unless the damage was caused by Sublessee or any of its invitees, then Rent shall be abated as to those portions of the Premises rendered unusable by Sublessee in the manner they were previously used, from the date of the casualty to the date repairs are completed or the effective date of termination of the Sublease, whichever first occurs.

14. Waiver of Subrogation. The policies of insurance obtained by Sublessor and Sublessee pursuant to this Sublease shall include a waiver of subrogation by the insurers and all rights based upon an assignment from its insured, against Sublessor or Sublessee, their officers, directors, employees, managers, agents, invitees and contractors, in connection with any loss or damage thereby insured against. The failure of a party to insure its property shall not void this waiver. Notwithstanding anything to the contrary contained herein, Sublessee hereby waives and releases any claims against Sublessor, and its officers, directors, employees, managers, agents, invitees and contractors for any loss or damage insured against or required to be insured against by Sublessee hereunder (whether by self-insurance or otherwise), regardless of whether the negligence or fault of Sublessor caused such loss. Sublessor hereby waives and releases any claims against Sublessee, and its officers, directors, employees, managers, agents, invitees and contractors for any loss or damage insured against by Sublessor or required to be insured against hereunder to the extent insurance proceeds are received therefor, regardless of whether the negligence or fault of Sublessee caused such loss. The foregoing waivers and releases shall not apply to losses or damages in excess of actual or required policy limits, whichever is greater.

15. Condemnation. If any part of the Premises should be taken for any public or quasi-public use under governmental law, ordinance, or regulation, or by right of eminent domain, or by private purchase in lieu thereof (a “**Taking**” or “**Taken**”), and the Taking would prevent or materially interfere with Sublessee’s use of the Premises, then upon written notice to Sublessor, Sublessee may terminate this Sublease and Rent and Real Property Taxes shall be apportioned as the date of termination. If only a portion of the Premises shall be Taken, and this Sublease is not terminated as provided above, the Rent and Real Property Taxes payable hereunder during the unexpired Term shall be prorated and reduced based upon the portion of the total Premises which remains available for Sublessee’s use. In the event of any such Taking, the entire award shall be payable to and retained by Sublessor or the owner of the Property, provided that Sublessee shall also have the right to make a separate claim against the condemning authority (but not Sublessor or the owner of the Property) for such compensation as may be separately awarded or recoverable by Sublessee for relocation expenses and damage to Sublessee's Trade Fixtures, if a separate award for such items is made to Sublessee.

16. Assignment and Subletting. Sublessee shall not assign this Sublease nor further sublet the whole or any portion of the Premises without the prior written consent of Sublessor, which consent may be withheld in Sublessor’s sole discretion. This Sublease shall not be assignable by operation of law. The transfer of a majority ownership interest in Sublessee shall constitute an assignment for purposes of this Section. A consent to an assignment given by Sublessor shall not preclude Sublessor from refusing to consent to a further assignment.

17. Sublessee’s General Indemnity. Sublessee shall indemnify and hold Sublessor harmless from any and all claims of damage or injury occurring on the Premises, including damage or injury to Sublessee, Sublessee’s invitees and third parties, and damage or injury to property.

18. Sublessee’s Environmental Indemnity. Sublessee hereby represents and warrants to Sublessor that Sublessee has not and will not store or use any Hazardous Substances on the Premises. In the event of a breach of the foregoing representation and warranty, (i) Sublessee shall remove or remediate such Hazardous Substances to the extent required by Environmental Laws, and in compliance with Environmental Laws, and at Sublessee’s sole cost; and (ii) Sublessee shall

defend, indemnify, and hold Sublessor harmless from and against any and all costs, damages, expenses, and/or liabilities (including reasonable attorneys' fees) which Sublessor may suffer as a result of any claim, suit, or action regarding any such Hazardous Substances (whether alleged or real), and/or regarding the removal and remediation of the same. Sublessor and Sublessee shall promptly deliver to the other copies of all notices received by either of them from any Governmental Authority concerning Hazardous Substances or a violation of an Environmental Law at the Premises.

The term “**Hazardous Substances**” as used in this Sublease, shall mean pollutants, contaminants, toxic or hazardous wastes, or any other substances, the removal of which is required or the use or storage of which is restricted, prohibited, regulated or penalized by any Environmental Law. As used herein, the term “**Environmental Law**” means any current or future Law pertaining to: (a) the protection of health, safety and the indoor or outdoor environment; (b) the conservation, management, or use of natural resources or wildlife; (c) the protection or use of surface water and groundwater; (d) the management, manufacture, possession, presence, use, generation, transportation, treatment, storage, disposal, release, threatened release, abatement, removal, remediation or handling of, or exposure to any Hazardous Substance; or (e) pollution (including any release to air, land, surface water and groundwater), and includes, without limitation, the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended by the Superfund Amendments and Reauthorization Act of 1986, 42 U.S.C. 9601 et seq., Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act of 1976 and Hazardous and Solid Waste Amendments of 1984, 42 U.S.C. 6901 et seq., Federal Water Pollution Control Act, as amended by the Clean Water Act of 1977, 33 U.S.C. 1251 et seq., Clean Air Act of 1966, as amended, 42 U.S.C. 7401 et seq., Toxic Substances Control Act of 1976, 15 U.S.C. 2601, et seq., Hazardous Materials Transportation Act, 49 U.S.C. 1801 et seq., Occupational Safety and Health Act of 1970, as amended 29 U.S.C. 651 et seq., Oil Pollution Act of 1990, 33 U.S.C. 2701 et seq., Emergency Planning and Community Right-to-Know Act of 1986, 42 U.S.C. 11001 et seq., National Environmental Policy Act of 1969, 42 U.S.C. 4321 et seq., Safe Drinking Water Act of 1974, as amended, 42 U.S.C. 300(f) et seq., any similar, implementing or successor law, and any amendment, rule, regulation, order or directive issued thereunder. Sublessee shall promptly deliver to Sublessor copies of all notices received by Sublessee from any “**Governmental Authority**” (which is defined as any federal, state, regional, county, or local person or body having or asserting governmental or quasi-governmental authority or jurisdiction over the Original Sublease Premises, or any department or subdivision thereof) concerning Hazardous Substances or a violation of an Environmental Law at the Ground Sublease Premises.

19. Sublessor’s Access. Upon reasonable prior notice to Sublessee, Sublessee shall allow Sublessor access to the Premises for the purpose of inspection to confirm Sublessee’s compliance with its obligations under this Sublease. Sublessor shall have the right to place and maintain “For Rent” signs in a conspicuous place on the Premises, for 90 days prior to the expiration of this Sublease.

20. Signs. Upon Sublessor’s prior written approval, which shall not be unreasonably withheld, Sublessee may erect signs on the Premises, provided that they comply with all applicable laws and ordinances. All of Sublessee’s signs shall be removed at the end of the Term, at Sublessee’s expense, including the cost of any damage to the Premises caused by installation or removal of such signs.

21. Notices. All notices permitted or required to be given by Sublessor or Sublessee shall be in writing and may be delivered (a) in person by hand delivery, or (b) by nationally recognized overnight courier with signature required, to the address set forth below the receiving party's signature on this Sublease, or to such other address designated by such party by written notice given in accordance with this section, and shall be effective upon receipt.

22. Default and Reentry. The occurrence of any one or more of the following events shall constitute a Sublessee default of this Sublease ("**Sublessee Default**"): (i) the failure by Sublessee to deliver payment of Rent on the due date, if the same is not cured within ten (10) days after Sublessee's receipt of written notice of same; (ii) the failure of Sublessee to pay any other monetary obligation required hereunder, as and when due, and the same is not cured within fifteen (15) days after Sublessee's receipt of written notice of same; or (iii) the failure by Sublessee to observe or perform any other covenants, conditions or provisions of this Sublease required to be observed or performed by Sublessee, and the same is not cured within sixty(60) days after Sublessee's receipt of written notice of same (or such additional time as may be reasonably necessary under the circumstances so long as Sublessee commences such cure within said sixty (60) day period and thereafter diligently prosecutes such cure to completion); provided, however that if the nature of the default by Sublessee would (or reasonably could) result in substantial risk of injury to persons or damage to property, such default shall be cured by Sublessee immediately upon Sublessee's receipt of written notice thereof (or as soon as reasonably possible under the circumstances).

23. Sublessor's Remedies. If Sublessee fails to cure the Sublessee Default or take the required action to cure the Sublessee Default after notice and the expiration of the applicable cure period, then Sublessor shall have the right to do either of the following: (A) terminate this Sublease, whereupon Sublessor shall have the right to immediate possession of the Ground Sublease Premises, and thereafter to enforce payment of all unpaid Rent and other amounts owing hereunder as and when the same become due for the remaining Term; provided, however, that in no event shall any amounts owing for the Term be secured by a lien on Sublessee's assets at the Premises, and Sublessor knowingly and voluntarily waives any such lien rights it may have, either statutorily, at law, or otherwise; and provided further, that Sublessor shall be obligated to take reasonable steps to mitigate its damages and Sublessee shall be entitled to a set-off in the amount of any rental received by Sublessor for subsequent lease of the Premises during the Term, less the reasonable expenses as Sublessor may reasonably incur in connection with reletting of the Premises, such as legal expenses, attorney and broker fees, and the reasonable, out-of-pocket costs incurred by Sublessor to restore the Premises to the condition Sublessee is required hereunder to surrender the Premises, but not including the cost of any other alterations or improvements to the Premises; or (B) have this Sublease continue in effect for so long as Sublessor does not terminate this Sublease and Sublessee's right to possession of the Premises, with Sublessor retaining the right to enforce all of Sublessor's rights and remedies under this Sublease as they become due.

24. Non-Waiver. The failure of a party to insist upon strict performance of any of the covenants and agreements of this Sublease, or to exercise any option herein conferred in any one or more instances, shall not be construed to be a waiver or relinquishment of any such, or any other covenants or agreements, but the same shall be and remain in full force and effect.

25. Binding Effect. Subject to the provisions hereof pertaining to assignment and subletting, the covenants and agreements of this Sublease shall be binding upon the heirs, legal representatives, successors and assigns of the parties hereto.

26. Subordination. Without the necessity of any additional document being executed by Sublessee for the purpose of effecting a subordination, and at the election of Sublessor or any mortgagee with a lien on the Premises or any ground Sublessor with respect to the Premises, this Sublease shall be subject and subordinate at all times to the lien of any mortgage or deed of trust which may now exist or hereafter be executed with respect to the Premises.

27. Estoppel Certificates. Sublessee shall at any time during the Term of this Sublease, upon not less than ten (10) days' prior written notice from Sublessor or the owner of the Property, execute, acknowledge and deliver to Sublessor and/or the owner of the Property a statement in writing certifying (a) that this Sublease is unmodified and in full force and effect, or, if modified, stating in nature of such modification and certifying that this Sublease, as so modified is in full force and effect, (b) the date to which the rental and other charges are paid in advance, if any, and (c) that there are not, to Sublessee's knowledge, any uncured defaults on the part of the Sublessor hereunder, or specifying such defaults, if any are claimed. Any such statement may be relied upon by any prospective purchaser or encumbrancer of all or any portion of the real property of which the Premises are a part.

28. Attorney's Fees and Expenses. In the event any legal action is commenced to enforce a right or obligation under this Sublease, the substantially prevailing party in such action shall be entitled to recover its reasonable attorney's fees and expenses from the other party.

29. Agency Disclosure. Sublessor is represented by Lee & Associates Commercial Real Estate Services, LLC ("Sublessor's Broker"); and Sublessee is not represented by a broker. Sublessor's Broker, its Designated Broker, Branch Manager (if any), and any of its Managing Brokers who supervise Sublessor's Broker represent the Sublessor. Sublessor and Sublessee confirm receipt of the pamphlet entitled "Real Estate Brokerage in Washington." Sublessor shall pay compensation to Sublessor's Broker pursuant to a separate agreement.

30. Master Lease. This Sublease is subject to the terms of and subordinate to the Master Lease. If the Master Lease terminates, this Sublease shall automatically terminate. Sublessor and Sublessee shall not, by their omission or act, do or permit anything to be done which would cause a default under the Master Lease. If the Master Lease terminates or is forfeited as a result of a default or breach by Sublessee under this Sublease and/or the Master Lease, then Sublessee shall be liable to Sublessor for the damage suffered as a result of such termination or forfeiture. Sublessor shall exercise diligent, commercially reasonable efforts to cause Landlord to perform its obligations under the Master Lease, if any, for the benefit of the Sublessee. All the terms, covenants and conditions contained in the Master Lease are incorporated into and made a part of this Sublease by this reference as if Sublessor were the landlord under the Master Lease, the Sublessee were the tenant under the Master Lease, and the Subleased Premises were the Master Premises, except as may be inconsistent with the terms contained in this Sublease.

IN WITNESS WHEREOF, the parties hereto have hereunto set their hands on the date set forth below.

EXHIBIT B
DIAGRAM OF PREMISES

**FIRST AMENDMENT TO
COMMERCIAL LEASE**

This is the First Amendment to that certain Commercial Lease dated effective the 1st day of March, 2017 (the "**Commercial Lease**") between **Telacon Properties LLC**, a Washington limited liability company ("**Lessor**"), and **33809HWY2, LLC**, a Washington limited liability company ("**Lessee**"). This First Amendment is effective July 1, 2021.

Recitals

A. The Commercial Lease has a Term ending August 31, 2022, and is subject to Lessee's Option to Purchase the subject Premises exercisable on sixty (60) days' prior written notice to Lessor. The Commercial Lease was also subject to Lessee's First and Second Options to Terminate, which have not been exercised by Lessee.

B. Lessor and Lessee desire to extend the Term and make other modifications to the Commercial Lease as set forth below.

Wherefore, Lessor and Lessee agree as follows:

Agreement

1. Section 2 of the Commercial Lease is hereby superseded and amended in its entirety to provide as follows:

Term. The "**Term**" of this Lease shall commence on the Effective Date and shall continue for a period of fifteen (15) years and six (6) months expiring on August 31, 2032, except as otherwise provided in Section 3 (Option to Purchase).

2. Tenant's option to terminate under Section 3(a) of the Lease was not exercised and has now lapsed. Tenant has received title insurance for the Premises, showing good and marketable title to all five assessor's tax parcels contained therein, so Tenant's option to terminate under Section 3(b) is accordingly deleted. Tenant did not incur any expenses in clearing title to the Premises, so there are no credits against the Option to Purchase price under Section 3(c). Section 4 (Option to Extend) of the Commercial Lease is hereby deleted.

3. The first two sentences of Section 5 of the Commercial Lease are hereby superseded and amended in their entirety to provide as follows:

Option to Purchase. At any time during the last five (5) years of the Term of this Lease, Lessee shall have the "**Option to Purchase**" the Premises from Lessor [REDACTED]

[REDACTED] The Option to Purchase may be exercised by Lessee by giving written notice of exercise to Lessor, which notice shall designate a title insurance company doing business in Snohomish County, Washington as escrow agent and title insurer, as well as a closing date for the purchase which shall be not less than ninety (90) or more than one hundred eighty (180) days following the notice and in any event not later than the last day of the Term.

4. Lessor and Lessee shall join in executing a Notice of Option to Purchase against the Premises, in the form attached as Exhibit 1. Lessee may record the Notice at Lessee's expense.

5. The last sentence of Section 8 (Real Property Taxes) of the Commercial Lease is hereby superseded and amended in its entirety to provide as follows:

Effective July 1, 2021 and continuing during the Term, on or before the date each semi-annual tax payment is due, Tenant shall reimburse Landlord for fifty percent (50%) of the Real Property Taxes levied or assessed against the Premises, subject to proration to the extent that the Term ends on a date other than December 31. At least ten (10) business days before the due date of such reimbursement, Landlord shall provide Tenant with copies of the billings for such taxes.

6. Section 16 of the Commercial Lease is hereby superseded and amended in its entirety to provide as follows:

Property Insurance. During the Term of this Lease, Lessor shall procure and maintain in full force and effect Special Form (so-called "All-Risk") property insurance upon buildings and other improvements located on the Premises where possible, for an amount at least equal to the fair market value of such improvements, as reasonably agreed upon by Lessor and Lessee, but in no event less than \$1,000,000. The policy shall provide that it may not be cancelled or terminated without twenty (20) days' prior written notice to Lessee, and shall list Lessor as an additional insured. Proof of the policy, including declaration pages, shall be provided to Lessee within ten (10) days after each such policy is procured or renewed. In addition to payment of Rent pursuant to Section 7, and reimbursement of Real Property Taxes pursuant to Section 8, Lessee shall reimburse Lessor for the cost of premiums paid by Lessor with respect to the property insurance policy, within ten (10) days following Lessee's receipt of copies of each premium billing and proof of payment by Lessor. In addition to Lessee's rights under Section 17, in the event that the Lessee exercises its option to purchase the Premises and a casualty event occurs prior to the closing of such purchase which is covered by the property insurance policy, upon closing the purchase Lessee shall be entitled to receive all of the proceeds payable under such policy with respect to the casualty, to the extent such proceeds have not been devoted to repair or replacement of Premises improvements prior to the closing of such purchase.

7. Except as expressly amended as provided above, the Commercial Lease remains in effect as originally executed Lessor and Lessee.

IN WITNESS WHEREOF, the parties hereto have hereunto set their hands on the date set forth below.

COMMERCIAL LEASE

This Lease is made effective the 1st day of March, 2017 (the “**Effective Date**”), between **Telacon Properties LLC**, a Washington limited liability company (“**Lessor**”), and **33809HWY2, LLC**, a Washington limited liability company (“**Lessee**”).

Recitals

A. Lessor is the owner of certain commercial property commonly known as 14130 339th Avenue S.E. and 33809 State Route 2 in Sultan, Snohomish County, Washington, consisting of Assessor’s tax parcel nos. 280833-004-002-00, 280833-004-016-00, 280833-004-024-00, 280833-004-025-00, and 280833-004-036-00, legally described as set forth on Exhibit A attached hereto (the “**Premises**”).

B. A portion of the Premises is occupied by an existing lessee, East Teak Fine Hardwoods, Inc. (“**East Teak**”), and by several month-to-month Lessees, referenced collectively herein as the “**Existing Lessees**”).

C. Lessee desires to lease the entire Premises as of the Effective Date, to enter into subleases with East Teak and possibly other Existing Lessees effective as of September 1, 2017, and to obtain an option to purchase the Premises.

D. Lessor and Lessee have agreed to the lease and purchase option terms set forth below.

Wherefore, Lessor and Lessee agree as follows:

1. Lease. Lessor hereby leases to Lessee, and Lessee hereby leases from Lessor, the Premises as defined above.

2. Term. The “**Term**” of this Lease shall commence on the Effective Date and shall continue for a period of five (5) years and six (6) months expiring on August 31, 2022, except as otherwise provided in Section 3 (Option to Terminate), Section 4 (Option to Extend), and Section 5 (Option to Purchase).

3. Options to Terminate; Landlord’s Title.

a. Lessee shall have the “**First Option to Terminate**” this Lease effective as of February 28, 2018, which may be exercised by Lessee by giving written notice of exercise to Lessor by not later than January 31, 2018. Termination of this Lease pursuant to the Option to Terminate shall not relieve Lessor or Lessee from the obligation to perform any obligation under this Lease with respect to the period ending on February 28, 2018.

b. Additionally, assuming that the Lease has not been sooner terminated, Lessee shall have the “**Second Option to Terminate**” this Lease, effective on six (6) months prior written notice to Lessor, if Lessor has not provided Lessee with a commitment for title insurance for the Premises, showing good and marketable title to all five assessor’s tax parcels contained therein, by December 31, 2019. If Lessee exercises the Second Option to Terminate, then no Rent

shall be payable by Lessee during the last six (6) months of the Term, but as of the commencement of that six (6) month period, Lessee shall assign to Lessor all rights under any subleases to third parties then in effect, including all rights to receive rent payable by such subtenants with respect to such period.

c. There is currently some uncertainty as to the status of ownership of assessor's tax parcel 280833-004-036-00. As an alternative to exercising its Second Option to Terminate, after December 31, 2019 Lessee may take steps to acquire interests in portions of the Premises on Lessor's behalf, if necessary in order to provide Lessor with good and marketable title to the entire Premises. If Lessee exercises its Option to Purchase as provided below, all amounts expended by Tenant in acquiring such interests on Lessor's behalf shall be credited against the Purchase Price.

4. Option to Extend. Lessee shall have the "**Option to Extend**" the term of this Lease by two (2) years. i.e., expiring on August 31, 2024 (the "**Extension Term**"), which may be exercised by Lessee by giving written notice of exercise to Lessor by not later than May 31, 2022. If the Option to Extend is exercised, all references in this Lease to the Term shall include the Extension Term.

5. Option to Purchase. At any time during the Term of this Lease, Lessee shall have the "**Option to Purchase**" the Premises from Lessor [REDACTED]

[REDACTED]. The Option to Purchase may be exercised by Lessee by giving written notice of exercise to Lessor, which notice shall designate a title insurance company doing business in Snohomish County, Washington as escrow agent and title insurer, as well as a closing date for the purchase which shall be not more than sixty (60) days following the notice and not later than the last day of the Term (or Extended Term, if applicable). The Purchase Price shall be payable all cash at closing. The Premises shall be conveyed by Lessor free and clear of all liens and encumbrances, other than those created or suffered by Lessee. At closing, Lessor shall provide Lessee with a standard policy of title insurance in the amount of the Purchase Price, at Lessor's expense. Real Property Taxes shall be prorated as of the closing date.

6. Permitted Uses. During the Term of this Lease, the Premises shall be used by Lessee and its sub-lessees for any use permitted by applicable laws ordinances.

7. Rent. For a period of six months after the Effective Date (the "**Free Rent Period**"), no Rent shall be due from Lessee to Lessor. During the Free Rent Period, Lessor shall be entitled to continue to collect rent from East Teak and any other Existing Lessees occupying the Premises. Commencing on September 1, 2017 and continuing on the first day of each month thereafter during the remainder of the Term (the "**Rent Payment Period**"), [REDACTED]

[REDACTED] As of the commencement of the Rent Payment Period, Lessor's leases with East Teak and any other Existing Lessees then remaining in possession of portions of the Premises shall be terminated, and such Existing Lessees shall become sub-lessees of Lessee, which shall thereafter be entitled to receive and retain all rents paid by the Existing Lessees with respect to their sub-tenancies. All payments of Rent by Lessee shall be made to Lessor at the address set forth below Landlord's signature, or at such other address

or by electronic transfer to such bank account as Lessor may hereafter designate by written notice to Lessee.

8. Real Property Taxes. Lessor shall be responsible for payment of all real estate taxes and assessments for land and improvements ("Real Property Taxes") that are levied or assessed on the Premises during the initial Term; provided that Lessee shall promptly reimburse Lessor for the amount of Real Property Taxes paid with respect to any calendar year after 2017 during the initial Term which exceed \$30,000.00. Such maximum amount to be prorated for the final calendar year of the Term, if the initial Term ends other than on December 31 of such year. If Lessee elects to extend the Term pursuant to the Option to Extend, all Real Property Taxes levied or assessed on the Premises during the Extended Term shall be paid by Lessee, subject to proration to the extent that the Extended Term begins on a date other than January 1 and ends on a date other than December 31.

9. Utilities. As of the Effective Date, Lessee hereby covenants and agrees to pay all charges for heat, electricity, water, sewer, and garbage, and for all other public utilities which shall be used in or charged against the Premises during the Term of this Lease, and Lessee shall hold Lessor harmless therefrom, provided that prior to September 1, 2017, Lessee shall not be liable for utilities consumed or used by East Teak or other Existing Lessees. Lessor shall not be liable for the failure of any utility service for any reason whatsoever.

10. Premises Accepted "As Is." The Premises, including the land, all buildings, improvements, fixtures and appurtenances located thereon, have been inspected and are accepted by Lessee in their present condition, "as is" and with all of their faults, whether patent or latent.

11. Care of Premises. Lessor and Lessee acknowledge that as of the Effective Date, the buildings and other improvements located on the Premises are in a state of disrepair and may not comply with applicable laws, regulations and codes. During the Term of this Lease, Lessee may, but shall not be obligated to, maintain, repair or alter those improvements, but in no event shall Lessee have any obligation to improve the condition of the Premises beyond that which exists on the Effective Date. At the expiration or sooner termination of this Lease, except in the case of exercise of Lessee's Option to Purchase, Lessee will quit and surrender the Premises in at least as good condition as existed on the Effective Date, and will deliver up all keys belonging to the Premises to the Lessor.

12. Lessor's Obligations to Repair. Lessor shall not be called upon to make any improvement or repair of any kind upon the Premises during the Term, except as provided in Section 17 (Damage or Destruction).

13. Alterations and Improvements. During the Term, Lessee may make alterations or improvements to the Premises in Lessee's sole discretion and at Lessee's sole expense and risk. Such alterations and improvements may be removed by Lessee at the end of the Term, provided that such removal can be accomplished without material harm to the improvements on the Premises as they existed on the Effective Date. Lessee shall keep the Premises free from any liens arising out of any work performed, materials furnished or obligations incurred by Lessee or its sub-Lessees.

14. Risk of Loss. All personal property located on the Premises shall be at the sole risk of Lessee and its sub-Lessees, and Lessor shall not be liable for theft, damage or loss of such personal property. Following the Effective Date, Tenant may change all locks on the Premises. Lessee shall provide a copy of the key to each new lock to Landlord, but Landlord shall not provide a copy of any such key to a third party without Lessee's prior consent.

15. Liability Insurance. During the Term of this Lease, Lessee shall at its sole expense obtain and keep in force a commercial general liability policy of bodily injury and property damage insurance, insuring Lessor and Lessee against any liability arising out of the use, occupancy or maintenance of the Premises. Such insurance shall be a combined single limit policy in an amount not less than One Million Dollars (\$1,000,000) per occurrence and Two Million Dollars (\$2,000,000) in the aggregate. Such insurance shall identify Lessee as the named insured and Lessor (and any mortgagee of Lessor of which Lessee has received written notice) as an additional insured. The policy shall provide that it may not be cancelled or terminated without twenty (20) days' prior written notice to Lessor. Lessee shall provide a copy of liability policy and declarations page confirming coverage of Lessor as described above within 30 days from the Effective Date of this Lease.

16. Property Insurance. During the period from the Effective Date through August 31, 2017, Lessor shall procure and maintain in full force and effect Special Form (so-called "All-Risk") property insurance upon all buildings and other improvements located on the Premises, in an amount at least equal to the fair market value of such improvements. Effective September 1, 2017 and continuing throughout the Term, including any Extension Term, Lessee shall procure and maintain in full force and effect Special Form (so-called "All-Risk") property insurance upon the Premises, in an amount at least equal to the fair market value of such improvements. The policy shall provide that it may not be cancelled or terminated without twenty (20) days' prior written notice to Lessor. These policies shall list Lessor as an additional insured and proof of these policies, including declarations pages, shall be provided to Lessor within 30 days of the Effective Date of this Lease.

17. Damage or Destruction. If at any time during the Term, the Premises are damaged or destroyed by a fire or other casualty, and the cost of repairing or restoring such damage or destruction does not exceed the amount of insurance proceeds available under the All-Risk policy with respect to the loss, Lessee shall arrange for such damage or destruction to be promptly repaired or replaced through utilization of such insurance proceeds. If Lessee elects to proceed with repairs or restoration in advance of receipt of the insurance proceeds, all amounts reasonably paid by Lessee for such work shall be promptly reimbursed from the insurance proceeds when received. If the cost of repairing or restoring such damage or destruction exceeds the amount of insurance proceeds available under the All-Risk policy, Lessee may either (a) elect to proceed with the work and pay the excess costs without right of reimbursement, or (b) elect to terminate the Lease, in Lessee's sole discretion. Lessee shall give notice of its election not later than thirty (30) days after the later of (i) obtaining a written estimate of the cost of repair or replacement, and (ii) receipt of written notice of the amount of insurance proceeds available with respect to the loss. If Lessee elects to terminate the Lease, all proceeds of the All-Risk insurance shall be retained by Lessor, except to the extent of any temporary repair or similar expenditures made by Lessee after the loss.

18. Waiver of Subrogation. The All-Risk property insurance obtained by Lessor and Lessee shall include a waiver of subrogation by the insurers and all rights based upon an assignment from its insured, against Lessor or Lessee, their officers, directors, employees, managers, agents, invitees and contractors, in connection with any loss or damage thereby insured against. The failure of a party to insure its property shall not void this waiver. Notwithstanding anything to the contrary contained herein, Lessee hereby waives and releases any claims against Lessor, and its officers, directors, employees, managers, agents, invitees and contractors for any loss or damage insured against or required to be insured against by Lessee hereunder (whether by self-insurance or otherwise), regardless of whether the negligence or fault of Lessor caused such loss. Lessor hereby waives and releases any claims against Lessee, and its officers, directors, employees, managers, agents, invitees and contractors for any loss or damage insured against by Lessor or required to be insured against hereunder to the extent insurance proceeds are received therefor, regardless of whether the negligence or fault of Lessee caused such loss. The foregoing waivers and releases shall not apply to losses or damages in excess of actual or required policy limits, whichever is greater.

19. Condemnation. If any part of the Premises should be taken for any public or quasi-public use under governmental law, ordinance, or regulation, or by right of eminent domain, or by private purchase in lieu thereof (a “**Taking**” or “**Taken**”), and (a) the Taking would prevent or materially interfere with Lessee’s use of the Premises, or (b) as a result of such Taking, Lessor’s mortgagee accelerates the payment of any indebtedness secured by the Premises, then upon written notice by Lessee as to (a) or by Lessor as to (b), this Lease shall terminate and Rent shall be apportioned as the date of termination. If part of the Premises shall be Taken, and this Lease is not terminated as provided above, the Rent payable hereunder during the unexpired Term shall be reduced to such extent as may be fair and reasonable under the circumstances, and Lessor shall restore the Premises as near as reasonably attainable to its condition prior to the Taking; provided, however, Lessor’s obligation to so restore the Premises shall be limited to the award Lessor receives in respect of such Taking that is not required to be applied to the indebtedness secured by a mortgage. In the event of any such Taking, Lessee shall be entitled to receive a percentage of the award computed by dividing the total Rent paid by Lessor to Lessee by the Purchase Price, and the remainder of the award shall be payable to Lessor. Lessee shall also have the right to make a separate claim against the condemning authority (but not Lessor) for such compensation as may be separately awarded or recoverable by Lessee for moving expenses and damage to Lessee’s Trade Fixtures, if a separate award for such items is made to Lessee. Notwithstanding the foregoing, however, within thirty (30) days after receiving notice of a Taking, Lessee may exercise its Option to Purchase the Premises, and upon closing such purchase shall be entitled to the entire award payable with respect to the Taking.

20. Assignment and Subletting. Prior to September 1, 2017, Lessee shall not assign this Lease nor sublet the whole or any portion of the Premises without the written consent of Lessor, which consent shall not be unreasonably withheld or delayed by Lessor after an opportunity by Lessor to review the financial condition of any potential assignee. Notwithstanding the foregoing, the consent of Lessor shall not be required for a sublease by Lessee to East Teak or to any other Existing Lessee. On and after September 1, 2017 during the Term, Lessee may assign this Lease and sublet the whole or any portion of the Premises in Lessee’s sole discretion, but Lessee shall remain obligated on all terms and conditions of this lease, and any assignment shall also obligate the assignee to all terms and conditions of this lease. This Lease shall not be

assignable by operation of law. The transfer of a majority ownership interest in Lessee shall constitute an assignment for purposes of this Section. A consent to an assignment given by Lessor shall not preclude Lessor from refusing to consent to a further assignment.

21. Lessor's Environmental Indemnity. Lessor hereby represents and warrants to Lessee that on the Effective Date, the Premises is free of Hazardous Substances. In the event of a breach of the foregoing representation and warranty, (i) Lessor shall remove or remediate such Hazardous Substances to the extent required by Environmental Laws, and in compliance with Environmental Laws, and at Lessor's sole cost; and (ii) Lessor shall defend, indemnify, and hold Lessee harmless from and against any and all costs, damages, expenses, and/or liabilities (including reasonable attorneys' fees) which Lessee may suffer as a result of any claim, suit, or action regarding any such Hazardous Substances (whether alleged or real), and/or regarding the removal and remediation of the same. Lessor and Lessee shall promptly deliver to the other copies of all notices received by either of them from any Governmental Authority concerning Hazardous Substances or a violation of an Environmental Law at the Premises.

The term "**Hazardous Substances**" as used in this Lease, shall mean pollutants, contaminants, toxic or hazardous wastes, or any other substances, the removal of which is required or the use or storage of which is restricted, prohibited, regulated or penalized by any Environmental Law. As used herein, the term "**Environmental Law**" means any current or future Law pertaining to: (a) the protection of health, safety and the indoor or outdoor environment; (b) the conservation, management, or use of natural resources or wildlife; (c) the protection or use of surface water and groundwater; (d) the management, manufacture, possession, presence, use, generation, transportation, treatment, storage, disposal, release, threatened release, abatement, removal, remediation or handling of, or exposure to any Hazardous Substance; or (e) pollution (including any release to air, land, surface water and groundwater), and includes, without limitation, the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended by the Superfund Amendments and Reauthorization Act of 1986, 42 U.S.C. 9601 et seq., Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act of 1976 and Hazardous and Solid Waste Amendments of 1984, 42 U.S.C. 6901 et seq., Federal Water Pollution Control Act, as amended by the Clean Water Act of 1977, 33 U.S.C. 1251 et seq., Clean Air Act of 1966, as amended, 42 U.S.C. 7401 et seq., Toxic Substances Control Act of 1976, 15 U.S.C. 2601, et seq., Hazardous Materials Transportation Act, 49 U.S.C. 1801 et seq., Occupational Safety and Health Act of 1970, as amended 29 U.S.C. 651 et seq., Oil Pollution Act of 1990, 33 U.S.C. 2701 et seq., Emergency Planning and Community Right-to-Know Act of 1986, 42 U.S.C. 11001 et seq., National Environmental Policy Act of 1969, 42 U.S.C. 4321 et seq., Safe Drinking Water Act of 1974, as amended, 42 U.S.C. 300(f) et seq., any similar, implementing or successor law, and any amendment, rule, regulation, order or directive issued thereunder. Tenant shall promptly deliver to Landlord copies of all notices received by Tenant from any "**Governmental Authority**" (which is defined as any federal, state, regional, county, or local person or body having or asserting governmental or quasi-governmental authority or jurisdiction over the Original Lease Premises, or any department or subdivision thereof) concerning Hazardous Substances or a violation of an Environmental Law at the Ground Lease Premises.

22. Lessor's Access. Upon reasonable prior notice to Lessee, and at a mutually agreed time, Lessee shall allow Lessor access to the Premises for the purpose of inspection to confirm Lessee's compliance with its obligations under this Lease. Lessor shall have the right to place and

maintain "For Rent" signs in a conspicuous place on the Premises, for 30 days prior to the expiration of this Lease, except where Lessee has exercised its Option to Purchase in accordance with the requirements of this Lease.

23. Signs. Lessee and its sub-Lessees may erect signs on the Premises, provided that they comply with all applicable laws and ordinances. All such signs shall be removed at the end of the Term, at Lessee's expense, including the cost of any damage to the Premises caused by installation or removal of such signs.

24. Notices. All notices permitted or required to be given by Lessor or Lessee shall be in writing and may be delivered (a) in person by hand delivery, or (b) by nationally recognized overnight courier with signature required, to the address set forth below the receiving party's signature on this Lease, or to such other address designated by such party by written notice given in accordance with this section, and shall be effective upon receipt.

25. Default and Reentry. The occurrence of any one or more of the following events shall constitute a Lessee default of this Lease ("**Lessee Default**"): (i) the failure by Lessee to deliver payment of Rent on the due date, if the same is not cured within ten (10) days after Lessee's receipt of written notice of same; (ii) the failure of Lessee to pay any other monetary obligation required hereunder, as and when due, and the same is not cured within fifteen (15) days after Lessee's receipt of written notice of same; or (iii) the failure by Lessee to observe or perform any other covenants, conditions or provisions of this Lease required to be observed or performed by Lessee, and the same is not cured within sixty(60) days after Lessee's receipt of written notice of same (or such additional time as may be reasonably necessary under the circumstances so long as Lessee commences such cure within said sixty (60) day period and thereafter diligently prosecutes such cure to completion); provided, however that if the nature of the default by Lessee would (or reasonably could) result in substantial risk of injury to persons or damage to property, such default shall be cured by Lessee immediately upon Lessee's receipt of written notice thereof (or as soon as reasonably possible under the circumstances).

26. Lessor's Remedies. If Lessee fails to cure the Lessee Default or take the required action to cure the Lessee Default after notice and the expiration of the applicable cure period, then Lessor shall have the right to do either of the following: (A) terminate this Lease, whereupon Lessor shall have the right to immediate possession of the Ground Lease Premises, and thereafter to enforce payment of all unpaid Rent and other amounts owing hereunder as and when the same become due for the remaining Term; provided, however, that in no event shall any amounts owing for the Term be secured by a lien on Lessee's assets at the Premises, and Lessor knowingly and voluntarily waives any such lien rights it may have, either statutorily, at law, or otherwise; and provided further, that Lessor shall be obligated to take reasonable steps to mitigate its damages and Lessee shall be entitled to a set-off in the amount of any rental received by Lessor for subsequent lease of the Premises during the Term, less the reasonable expenses as Lessor may reasonably incur in connection with reletting of the Premises, such as legal expenses, attorney and broker fees, and the reasonable, out-of-pocket costs incurred by Lessor to restore the Premises to the condition Lessee is required hereunder to surrender the Premises, but not including the cost of any other alterations or improvements to the Premises; or (B) have this Lease continue in effect for so long as Lessor does not terminate this Lease and Lessee's right to possession of the Premises,

with Lessor retaining the right to enforce all of Lessor's rights and remedies under this Lease as they become due.

27. Non-Waiver. The failure of a party to insist upon strict performance of any of the covenants and agreements of this Lease, or to exercise any option herein conferred in any one or more instances, shall not be construed to be a waiver or relinquishment of any such, or any other covenants or agreements, but the same shall be and remain in full force and effect.

28. Binding Effect. Subject to the provisions hereof pertaining to assignment and subletting, the covenants and agreements of this Lease shall be binding upon the heirs, legal representatives, successors and assigns of the parties hereto.

29. Subordination. Without the necessity of any additional document being executed by Lessee for the purpose of effecting a subordination, and at the election of Lessor or any mortgagee with a lien on the Premises or any ground Lessor with respect to the Premises, this Lease shall be subject and subordinate at all times to the lien of any mortgage or deed of trust which may now exist or hereafter be executed with respect to the Premises.

30. Estoppel Certificates. Lessee shall at any time during the Term of this Lease, upon not less than ten (10) days' prior written notice from Lessor, execute, acknowledge and deliver to Lessor a statement in writing certifying (a) that this Lease is unmodified and in full force and effect, or, if modified, stating in nature of such modification and certifying that this Lease, as so modified is in full force and effect, (b) the date to which the rental and other charges are paid in advance, if any, and (c) that there are not, to Lessee's knowledge, any uncured defaults on the part of the Lessor hereunder, or specifying such defaults, if any are claimed. Any such statement may be relied upon by any prospective purchaser or encumbrancer of all or any portion of the real property of which the Premises are a part.

IN WITNESS WHEREOF, the parties hereto have hereunto set their hands on the date set forth below.

| ☐ Policy Decision | | |
| ☒ Statutory | | |

SUMMARY STATEMENT:

Identify the relevant Board policies and impacts:

Governance Process, Board Job Description, GP-3(4) -- non-delegable, statutorily assigned duties. Board action is required for an interlocal agreement by RCW 39.34.030(2) and RCW 39.34.080.

The City of Mountlake Terrace has asked that the District relocate, and underground existing overhead electrical distribution located along 56th Avenue W, from 236th Street SW to 230th Street SW, Mountlake Terrace, in order to facilitate construction of Phase II of the City's Main Street Reconstruction Project.

Staff from the City and the District have negotiated a proposed Interlocal Agreement that provides for the requested relocation and undergrounding of District facilities in a manner that is consistent with the District's Relocation Policy ELS-PL-2. The City will provide and install all vaults and conduit necessary to underground the existing overhead system. The City will also be responsible

for additional costs (above and beyond those required for an overhead relocation) due to the undergrounding of the system.

RECOMMENDATIONS/FUTURE ACTIONS:

Staff recommends that the District Board of Commissioners pass the attached resolution to expressly authorize execution of the proposed Interlocal Agreement with the City of Mountlake Terrace.

Resolution

Attachment 1

RESOLUTION NO. _____

A RESOLUTION Authorizing the CEO/General Manager to Execute an Interlocal Agreement With the City of Mountlake Terrace Regarding the Relocation and Undergrounding of Electrical Distribution Facilities Associated With the Construction of the City's Main Street Reconstruction Project

WHEREAS, the City of Mountlake ("City") is close to completing the design for Phase II of the Main Street Reconstruction Project ("Project" or "Main Street Reconstruction Project"), located along 56th Avenue W, from 236th Street SW to 230th Street SW, Mountlake Terrace, Washington; and

WHEREAS, the Project will include roadway reconstruction and widening, as well as the construction of wider sidewalks; and

WHEREAS, the City requires the District, and other utilities present within the Project limits to replace their existing overhead utility systems with underground utility systems; and

WHEREAS, the City is willing to pay the District's costs to complete the conversion of its overhead system to an underground system in accordance with the terms and conditions of the interlocal agreement ("Interlocal Agreement") attached as Attachment 1; and

WHEREAS, both the City and the District are authorized to enter into agreements for joint and cooperative action pursuant to the provisions of RCW Chapter 39.34; and

WHEREAS, the District is authorized by RCW 54.16.090 to enter into agreements with municipalities such as the City for the purpose of carrying out any of the District's powers authorized by RCW Title 54; and

WHEREAS, District staff recommends that the District and the City enter into the Interlocal Agreement regarding the relocation of the District's electrical distribution system in conjunction with the Project.

NOW, THEREFORE, BE IT RESOLVED by the Board of Commissioners of Public Utility District No. 1 of Snohomish County that the CEO/General Manager, or his designee, is authorized to:

1. Execute, in the name of the District, an interlocal agreement with the City of Mountlake Terrace regarding the relocation of electrical distribution facilities to facilitate construction of the City's Main Street Reconstruction Project in substantially the form attached as Attachment 1 provided that the final form of the interlocal agreement shall be subject to the review and approval of the District's General Counsel or his designee.

2. Execute any other documents and take any other actions necessary to relocate said electrical distribution facilities.

PASSED AND APPROVED this 21st day of July, 2026.

President

Vice-President

Secretary

**INTERLOCAL AGREEMENT BETWEEN
PUBLIC UTILITY DISTRICT NO. 1 OF SNOHOMISH COUNTY
AND THE CITY OF MOUNTLAKE TERRACE, GOVERNING PHASE II OF THE
MAIN STREET RECONSTRUCTION PROJECT**

THIS INTERLOCAL AGREEMENT (“Agreement”) is made and entered into by and between the Public Utility District No. 1 of Snohomish County, a Washington municipal corporation (“District”), and the City of Mountlake Terrace, a Washington municipal corporation (“City”). The District and the City are also referred to herein individually as “Party” and collectively as “Parties.”

RECITALS

- A. The City is close to completing the design for Phase II of the Main Street Reconstruction Project (“Project” or “Main Street Reconstruction Project”), located along 56th Avenue W, from 236th Street SW to 232th Street SW, Mountlake Terrace, Washington. The Project will include roadway reconstruction and widening, as well as the construction of wider sidewalks.
- B. As part of the Project, the City requires the District and other utilities present within the Project limits to replace their existing overhead utility systems with underground utility systems (“Utility Replacement”).
- C. Additionally, and in exchange for the services provided by the District, the City shall pay the District’s costs to complete the conversion of its overhead system to an underground system. Regarding the overall costs of the conversion, the District shall credit the City for the estimated costs of an overhead-to-overhead relocation of its electric system and District Betterments.

NOW, THEREFORE, in consideration of the respective agreements set forth below and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the District and the City agree as follows:

1. Requirements of Interlocal Cooperation Act

1.1 Authority for Agreement. This Agreement is authorized by and entered into pursuant to the Interlocal Cooperation Act, Chapter 39.34 RCW.

1.2 Purpose of Agreement. The purpose and intent of this Agreement is to facilitate the construction and coordination of Phase II of the Main Street Reconstruction Project. This Agreement establishes the City as the entity primarily responsible for all aspects of the planning, design, and construction of the Project.

1.3 No Separate Entity. The Parties agree that no separate legal or administrative entities are necessary to carry out this Agreement.

1.4 Ownership of Property. Except as expressly provided to the contrary in this Agreement, any real or personal property used or acquired by either Party in connection with the performance of this Agreement will remain the sole property of such Party, and the other Party shall have no interest therein.

1.5 Administrators. Each Party to this Agreement shall designate an individual (“Administrator”), which may be designated by title or position, to oversee and administer such Party’s participation in this Agreement. The Parties’ initial Administrators shall be the following individuals:

District’s Initial Administrator:
Mr. J.C. Dahlbeck
Project Engineer
1802 75th Street SW
Everett, WA 98206

City’s Initial Administrator:
Gary Schimek
Public Works Director
6100 219th Street SW, Suite 200
Mountlake Terrace, WA 98043

Either Party may change its Administrator at any time by delivering written notice of such Party’s new Administrator to the other Party.

2. **Effective Date and Duration**

This Agreement shall take effect when it has (i) been duly executed by both Parties, and (ii) as provided by RCW 39.34.040, either filed with the County Auditor or posted on the City’s Interlocal Agreements website. This Agreement shall remain in effect until all obligations of the Parties are discharged unless earlier terminated pursuant to the provisions of Section 11 of this Agreement.

3. **General Provisions**

The Parties agree to the following general provisions:

3.1 Record Retention. Each Party following completion of the Project shall maintain accurate records related to the Project for a period equal to the minimum required pursuant to either state or federal requirements, whichever is applicable.

3.2 Independent Contractor. The Parties will perform all work under this Agreement as an independent contractor and not as an agent, employee, or servant of the other Party. Each Party has the express right to direct and control its activities in providing the agreed work in accordance with the specifications set out in this Agreement. Each Party shall only have the right to ensure performance.

3.3 Sub-Contracting. Each Party may, in its sole discretion, hire one or more contractors and/or sub-contractors to perform some or all of its respective services.

3.4 City Cost Allocation.

- A. The City will be responsible for the costs and expenses related to and necessary to carry its responsibilities and obligations under this Agreement as set forth herein.
- B. The City shall also reimburse the District for all actual costs on a time and materials basis to complete the Utility Replacement in accordance with District's Construction Cost Estimate provided in accordance with Section 5.1(A). Said Construction Cost Estimate includes a credit in favor of the City for both an overhead-to-overhead relocation cost and the value of District betterments.

4. **City Responsibilities**

4.1 Plans and Specifications: The City has prepared and provided the District with plans and specifications for Phase II of the Main Street Reconstruction Project (Project Contract Documents") that include the design and specifications for installation of the joint trench and vault and conduit system to be utilized by the District for its underground electrical utility system. A copy of the Project Contract Documents is attached as Exhibit "A."

4.2 Construction Phase:

4.2.1 The City Project Contractor shall:

- A. Provide at the Preconstruction Meeting a schedule to the City and the District to complete the construction of the joint trench and installation of the joint trench and vault and conduit system in accordance with the Project Contract Documents.
- B. Excavate and create a joint trench to accommodate vaults and conduits to be utilized by the District for its underground electrical utility system all in accordance with the Project Contract Documents.
- C. Furnish and install, including all necessary excavation, trenching backfill and restoration, electric system switch vaults (including grounding) and conduits per the District's construction and materials standards and as specified in the Project Contract Documents. All conduit and vault installations shall be inspected by the District's inspector per section 5.3(C) prior to backfill.
- D. To the extent that any or any portion of an electric system switch vault is installed within City right-of-way pursuant to the Project and the Utility Replacement, the City expressly agrees that if the City later requires relocation of the electric system switch vault, the City shall reimburse the District for all reasonable costs and expenses incurred by the District in connection with the relocation and reinstallation of the electric system switch vault. The City and the District shall enter into a switch vault relocation agreement upon execution of this Agreement and prior to installation of the electric system switch vault.

- E. Proof all conduits in accordance with District standards and specifications. “Proof” as used herein is defined as verification using a mandrel that the conduit system is clear and free of damage, installed to the proper grade and to the proper locations, fitted with temporary duct plugs, and contains pulling lines. Conduit proofing shall be performed in the presence of the District inspector, or other approved District representative.
- F. Modify, as appropriate and in accordance with Contract Project Documents, all existing overhead customer utility service lines and equipment to be converted to underground, including coordinating and facilitating all modifications to customer utility service lines and equipment and providing new conduit and conductors to District handholes, transformers and other secondary service connection points as agreed upon by the Parties.

4.2.2 The City shall:

- A. Facilitate weekly (or as otherwise agreed by the City and District) construction coordination meetings that include the City’s Project Contractor and all relevant parties participating in the joint trench.
- B. Acquire at its cost and expense all of the access rights, temporary construction easements and permanent easements, and right of way rights necessary for the District to replace existing overhead utility systems with underground utility systems as required by the City for the Main Street Reconstruction Project.
- C. Issue the District a right-of-way permit within two (2) weeks of the District submitting a complete permit application (including any supporting documentation reasonably required by the City). The City shall waive the permit and inspection fees.
- D. Provide the District not less than five (5) business days’ notice to inspect: (a) the requested area of the joint trench for placement of their vaults and conduits and (b) the vaults and conduits.
- E. Coordinate with the District whenever any utility pole(s) are required to be temporarily supported due to excavation in proximity to such poles to provide such support a minimum of five (5) business days prior to the date of work. The scheduling of District labor for the pole holds will be limited to the District’s regular business hours.
- F. Provide the District with a bill of sale or other appropriate documentation to transfer ownership of all facilities, including vaults and conduit system, installed by the City’s Project Contractor and intended to become part of the District’s electrical utility system in accordance with this Agreement and the Contract Project Documents. The format for the bill of sale or other documentation will be coordinated with the District and shall be submitted within forty (40) calendar days

of the District's acceptance of the completed installation as set forth in Section 5.3(D).

5. **District Responsibilities**

5.1 **Construction Cost Estimate:**

- A. The District shall provide the City with a Construction Cost Estimate for the District's cost to complete the Utility Replacement. The District's Construction Cost Estimate shall include but not be limited to the following:
 - i. Inspect the installation of all vault and conduit installation work by a District inspector (contractor installed);
 - ii. Furnish and install all cables, conductors and electrical equipment for the conversion to underground, and for the removal of other equipment no longer needed;
 - iii. Perform cut-over and transfer of existing customers and facilities to the new underground system where applicable; and
 - iv. Remove that portion of the overhead electrical system superseded by the new underground system. This includes removal of associated poles except those locations where the poles are still occupied by other utilities (Removal of poles is the responsibility of the last utility to transfer from the pole.).
 - v. A credit in the amount of \$476,720.81 for the District's estimated construction costs to relocate the overhead electrical utility system within the Project area on an overhead-to-overhead basis.
 - vi. A credit in the amount of \$265,888.00 for the value of the Betterments (See Section 5.2).
- B. The District shall provide the City with the estimated number of business days to complete the installation of cables, conductors and remove District's overhead system and shall do so in a timely manner.
- C. The District shall provide written notification to the City if additional construction costs in excess of the Construction Cost Estimate are necessary to complete District's construction phase. The written notification shall specify the additional amount required and justification for District's increased cost and be submitted to the City in a timely manner and prior to commencement of work.

5.2 **Betterments.** Betterments are improvements to the District's utility facilities included in the Utility Replacement by the District that are not necessary to restore the operational capabilities of the relocated utility facilities or provide like-kind replacements. Examples of Betterments include the addition of more conduits for future service or increasing cable size or improvements to the utility facilities that are not necessary to functionally restore the operational capabilities of the utility facilities or provide like-kind replacements. The Betterments included in the Utility Replacement are identified in the Project Contract Documents and are listed on Exhibit "E," attached hereto and incorporated by this reference.

5.3 Construction Phase. The District shall maintain continued coordination with the City's Contractor regarding installation of the District's facilities. This coordination shall include, but not be limited, to the following:

- A. The District shall attend the Preconstruction Meeting.
- B. Subject to the schedule required in the Project Contract Documents, the City's Contractor shall prepare a schedule of work in accordance with the plans and specifications for City review. The District shall review and provide comments within ten (10) business days of receipt. If the District does not provide the City with comments within ten (10) business days, the schedule shall be considered accepted by the District unless the delay is due to one of the reasons stated in Subsection (K) and/or constitutes Excusable Delay as defined in Section 6. The District shall complete its work in accordance with the City's Contractor's schedule unless delayed due to one of the reasons stated in Subsection (K) and/or Excusable Delay as defined in Section 6.
- C. The District will provide an inspector on-site, on five (5) business days' notice, to inspect the installation of all vault and conduit installation work. The District will not provide a daily on-site inspector, but will within five (5) business days' notice provide an inspector to inspect the requested area of the joint trench for the placement of their vaults and conduits. The District's inspector shall not direct the City's Contractor in any manner; the District inspector shall communicate all requirements and requests to the City's inspector the day of observation.
- D. The District shall, within ten (10) business days after receipt of written notification of completion of installation of the District's conduit and vault system, issue written notification of any deficiencies or issue written notification of acceptance unless delayed due to one of the reasons stated in Subsection (J) and/or Excusable Delay as defined in Section 6. The City's Contractor will correct the deficiencies upon approval by the City of the requested work. If notification from the District is not received by the City within the ten (10) business day period, then the District conduit and vault system shall be considered complete and accepted by the District unless the lack of notice is due to one of the reasons stated in Subsection (J) and/or constitutes to Excusable Delay as defined in Section 6.
- E. Once all sections of vault and conduit installation are completed by the City and accepted by the District, the City shall issue a Notice to Proceed to the District to commence installation of the conductors and equipment. The District or its contractor's crews may need to accommodate another utility that is trying to work in the same area. The City shall minimize any conflict and the need for the District to accommodate other utilities working in the same area. The District, or its contractor, will complete installation of the conductors and equipment in accordance with the approved schedule referenced in Subsection 5.3(B); provided that reasonable access to the project is given by the City's Contractor or a

subcontractor in the area where the City is requesting the District to begin work. The District shall notify the City in writing when the new underground system is energized. This work shall include but not be limited to furnishing and installing all primary cables, conductors and electrical equipment for the conversion to underground, and for the removal of other equipment no longer needed.

- F. The District, or its contractor, will perform cut-over and transfer of existing customers and facilities to the new underground system where applicable. Any secondary cut-overs and transfers requested by the City will need to be sent in writing at least ninety-six (96) hours in advance. The District or its contractor will notify affected customers at least forty-eight (48) hours in advance of the pending outage.
- G. Once transfer of existing customers and facilities to the new underground system is complete, the District, or its contractor, will remove all overhead systems in accordance with the approved schedule referenced in Section 5.3(B). Utility poles with other utility provider's overhead systems will be stripped, topped and abandoned to the remaining utilities.
- H. Temporary support (holding) of District Utility Poles: The need to temporarily support such poles (due to excavation in their proximity) shall be verified by District, and if required, such support shall be provided by the District during the District's regular business hours. If work is needed outside of regular business hours, the City shall compensate the District for the difference in cost between straight time and overtime crew hours.
- I. The District shall maintain any utility facilities constructed under this Agreement from the date of acceptance of the facilities by the District. The cost of any future improvements and/or maintenance, repairs, or corrections to any utility facilities covered under the terms of this Agreement shall be the exclusive responsibility of the District in accordance with this Agreement.
- J. The District shall have no obligation or liability to the City, its contractor(s) or any other party, in the event of any delay in performance of the construction work under this Agreement due to: (a) reasonable actions taken by the District which are necessary or consistent with prudent utility practices to protect the performance, integrity, reliability or stability of the District's utility systems or any systems to which such District systems are connected; (c) actions and/or inactions of the City, the City's contractor(s), other utilities and/or third parties; (d) discovery of archeological materials; (e) other unanticipated subsurface conditions whether natural or man-made; or (f) other Excusable Delay (see Section 6).
- K. In the event that the District is delayed in performing one or more of its tasks described in this Section due to one of the reasons stated in Subsection (J) and/or constitutes Excusable Delay as defined in Section 6, the City and the District shall

work together to agree to a reasonable period of time for the District to complete its task once the basis for the delay has ended.

5.4 Traffic Control. The District will provide traffic control and flaggers for installation of new underground conductor and devices along with overhead construction and removal when required. The District will coordinate its traffic control with other utilities, the City's Contractor and the City. Traffic control plans must be approved ten (10) business days in advance by the City before implementation by the District.

5.5 Final Invoice. Within sixty (60) days of completion of the Utility Replacement as determined by the District, the District shall submit a final invoice to the City. The City shall pay the District the amount due and owing under the invoice within forty-five (45) days of receipt.

6. **Excusable Delay**

Excusable delay means a failure to perform in a timely manner due to events or causes that are not reasonably within the control or contemplation of the Party whose ability to perform is delayed by such events or causes. Without limitation, such events or causes may include: pandemic, epidemic, extreme or unusual weather, landslides, lightning, forest fires, storms, floods, freezing, drought, earthquakes, civil disturbances, strikes, or other disturbances associated with labor relations, acts of the public enemy, wars, public riots, breakage, explosion, accident to machinery or equipment (reasonably related to the delayed performance), reasonably unanticipated changed site conditions, the failure of any government entity with jurisdiction over the design phase and/or construction phase work under this Agreement to issue the required permits or approvals in a timely manner, or other causes outside of the reasonable control or contemplation of a Party.

7. **Indemnification and Hold Harmless**

7.1 District's Indemnification of City. The District shall indemnify, defend and hold harmless the City, its officers, appointed and elected officials, employees and agents, from and against all claims, actions, suits, liability, loss, expenses, damages and judgments of any nature whatsoever, including costs and reasonable attorneys' fees in defense thereof, for injury, sickness, liability or death to persons or damage to property or business, caused by or arising out of negligent or intentional acts, errors or omissions of the District, its officers, officials, employees and/or agents in the performance of this Agreement; provided, that in the event of the concurrent negligence of the Parties, the District's obligations hereunder shall apply only to the percentage of fault attributable to the District, its officers, officials, employees and/or agents.

7.2 City's Indemnification of District. The City shall indemnify, defend and hold harmless the District, its officers, appointed and elected officials, employees and agents, from and against all claims, actions, suits, liability, loss, expenses, damages and judgments of any nature whatsoever, including costs and reasonable attorneys' fees in defense thereof, for injury, sickness, liability or death to persons or damage to property or business, caused by or arising out of negligent or intentional acts, errors or omissions of the City, its officers, officials, employees and/or agents in the performance of this Agreement; provided, that in the event of the concurrent negligence of

the Parties, the City's obligations hereunder shall apply only to the percentage of fault attributable to the City, its officers, officials, employees and/or agents.

7.3 Waiver of Immunity Under Industrial Insurance Act. The indemnification provisions of this Section are specifically intended to constitute a waiver of each party's immunity under Washington's Industrial Insurance Act, Title 51 RCW, as with respect to the other party only, and only to the extent necessary to provide the indemnified party with a full and complete indemnity of claims made by the indemnitor's employees. The Parties acknowledge that these provisions were specifically negotiated and agreed upon by them.

7.4 No Third Party Right. Nothing contained in this section of this Agreement shall be construed to create a liability and/or right of indemnification in any third party.

7.5 Survival. The provisions of this Section 7 shall survive the expiration or termination of this Agreement.

8. Insurance

Each Party shall maintain its own insurance and/or self-insurance for its liabilities from damage to property and or injuries to persons arising out of its activities associated with this Agreement as it deems reasonably appropriate and prudent. The maintenance of, or lack thereof of insurance and/or self-insurance shall not limit the liability of the indemnifying Party to the indemnified Party.

9. Compliance with Laws

In the performance of its obligations under this Agreement, each Party shall comply with all applicable federal, state, and local laws, rules and regulations.

10. Notices

All notices required to be given by any party to the other party under this Agreement shall be in writing and shall be delivered either in person, by United States mail, or by electronic mail (email) to the applicable Administrator or the Administrator's designee. Notice delivered in person shall be deemed given when accepted by the recipient. Notice by United States mail shall be deemed given as of the date the same is deposited in the United States mail, postage prepaid, and addressed to the Administrator, or their designee, at the addresses set forth in Section 1.5 of this Agreement. Notice delivered by email shall be deemed given as of the date and time received by the recipient.

11. Termination of Agreement

Either Party may terminate this Agreement upon thirty (30) days written notice to the other Party in the event that said other Party is in material default and fails to cure such material default within that thirty (30) day period, or such longer period as provided by the non-defaulting Party. The notice of termination shall state the reasons therefore and the effective date of the termination.

12. **Dispute Resolution.**

12.1. **Settlement Meeting.** It is the Parties' intent to work cooperatively and to resolve disputes in an efficient and cost-effective manner. If any dispute arises between the Parties relating to this Agreement, then the Parties' respective Administrator or designees shall meet and seek, in good faith, to resolve the dispute. In addition to the Administrator or designee, each Party shall send any other persons with technical or other information relating to the dispute to the meeting.

12.2. **Mediation.** If the Parties cannot resolve the issue at the meeting, they shall mediate the matter using a mutually agreed to mediator from Judicial Dispute Resolution, LLC, or any other mediator mutually agreed to by the Parties, or as appointed by the court if the Parties cannot agree upon a mediator. The Parties shall evenly split any fees charged by mediator, regardless of the outcome of the mediation. Each Party shall bear its own attorneys' fees in connection with the mediation.

12.3. At all times prior to resolution of the dispute, the Parties shall continue to perform any undisputed obligations and make any undisputed required payments under this Agreement in the same manner and under the same terms as existed prior to the dispute.

13. **Miscellaneous**

13.1 **Entire Agreement.** This Agreement constitutes the entire agreement between the Parties regarding the subject matter hereof, and supersedes any and all prior oral or written agreements between the Parties regarding the subject matter contained herein.

13.2 **Amendment.** Any amendment to this Agreement shall be specifically identified by separate written addendum agreed to by the Parties' Administrators identified in Section 1.5 of this Agreement.

13.3 **Governing Law and Venue.** This Agreement shall be governed by and enforced in accordance with the laws of the State of Washington. The venue of any action arising out of this Agreement shall be in the Superior Court of the state of Washington in and for Snohomish County.

13.4 **Interpretation.** This Agreement and each of the terms and provisions of it are deemed to have been explicitly negotiated by the Parties, and the language in all parts of this Agreement shall, in all cases, be construed according to its fair meaning and not strictly for or against either of the Parties hereto. The captions and headings in this Agreement are used only for convenience and are not intended to affect the interpretation of the provisions of this Agreement. This Agreement shall be construed so that wherever applicable the use of the singular number shall include the plural number, and vice versa, and the use of any gender shall be applicable to all genders.

13.5 **Severability.** If any provision of this Agreement or the application thereof to any person or circumstance shall, for any reason and to any extent, be found invalid or unenforceable, the remainder of this Agreement and the application of that provision to other persons or

circumstances shall not be affected thereby, but shall instead continue in full force and effect, to the extent permitted by law.

13.6 No Waiver. A Party's forbearance or delay in exercising any right or remedy with respect to a Default by the other Party under this Agreement shall not constitute a waiver of the Default at issue. Nor shall a waiver by either party of any particular Default constitute a waiver of any other Default or any similar future Default.

13.7 No Assignment. This Agreement shall not be assigned, either in whole or in part, by either Party without the express written consent of the other Party, which may be granted or withheld in such Party's sole discretion. Any attempt to assign this Agreement in violation of the preceding sentence shall be null and void and shall constitute a Default under this Agreement.

13.8 No Joint Venture. Nothing contained in this Agreement shall be construed as creating any type or manner of partnership, joint venture or other joint enterprise between the Parties.

13.9 No Third Party Beneficiaries. This Agreement and each and every provision hereof are for the sole benefit of the City and the District. No other persons or parties shall be deemed to have any rights in, under or to this Agreement.

13.10 Warranty of Authority. Each of the signatories hereto warrants and represents that he or she is competent and authorized to enter into this Agreement on behalf of the other Party for whom he or she purports to sign this Agreement.

13.11 Execution in Counterparts. This Agreement may be executed in two or more counterparts, each of which shall constitute an original and all of which shall constitute one and the same agreement.

IN WITNESS WHEREOF, the Parties have executed this Agreement.

GENERAL JOINT UTILITY TRENCH NOTES

- EXISTING AERIAL UTILITIES TO BE CONVERTED TO UNDERGROUND AND NEW UNDERGROUND FACILITIES TO BE INSTALLED TO THE LIMITS SHOWN. CONTRACTOR SHALL PROVIDE ALL NECESSARY COORDINATION, LAYOUT, SURVEYING, TRENCHING, EXCAVATION, BEDDING, BACKFILL AND RESTORATION FOR THE FRANCHISE UTILITIES TO SUCCESSFULLY COMPLETE THE CONVERSION/INSTALLATION. THE LAYOUT SHOWN IS APPROXIMATE AND A COMPILATION OF THE PROPOSED DESIGNS BY SNOHOMISH PUD, ZIPLY AND COMCAST.
- THE JOINT TRENCH LAYOUT, SWEEPS AND OTHER FEATURES SHOWN ARE APPROXIMATE UNLESS OTHERWISE NOTED. ADJUST AS NECESSARY TO MEET CLEARANCE REQUIREMENTS, SEE TABLE ON SHEET 97.
- ALL CONDUITS FOR UNDERGROUNDING SHALL BE FURNISHED BY THEIR RESPECTIVE UTILITY, UNLESS OTHERWISE NOTED. CONDUITS FOR ILLUMINATION AND SIGNAL SYSTEMS SHALL BE FURNISHED BY THE CONTRACTOR. CONDUITS AND VAULTS FOR SNOPOD UNDERGROUNDING SHALL BE FURNISHED BY THE CONTRACTOR.
- THE CONTRACTOR SHALL PROVIDE ALL NECESSARY EXCAVATION, HAULING & DISPOSAL OF UNSUITABLE BACKFILL, BEDDING, BACKFILL, TRAFFIC CONTROL AND UTILITY COORDINATION TO PROVIDE A COMPLETE INSTALLATION.
- UNDERGROUND SERVICE CONNECTIONS FOR FRANCHISE UTILITIES SHALL BE MADE BY THE FRANCHISE UTILITIES.
- CONSTRUCT JOINT UTILITY TRENCH PER THE TYPICAL TRENCH DETAILS AND SECTIONS (SHEETS 95 TO 98). ADJUST THE PROFILE AS NECESSARY TO AVOID CONFLICTS WITH EXISTING UTILITIES, WHILE MAINTAINING THE MINIMUM SPECIFIED COVER OVER CONDUITS AND A 12" MINIMUM VERTICAL CLEARANCE BETWEEN OTHER UNDERGROUND UTILITIES. THE CONTRACTOR SHALL VERTICALLY TRANSITION THE TRENCH DEPTH BY DEFLECTING JOINTS OR INSTALLING BENDS PER THE FRANCHISE UTILITY REQUIREMENTS.
- WORK SHALL BE PERFORMED TO ALLOW CONTINUED OPERATION OF ALL EXISTING UNDERGROUND AND OVERHEAD UTILITIES.

EXHIBIT A

GENERAL JOINT UTILITY TRENCH NOTES

- EXISTING AERIAL UTILITIES TO BE CONVERTED TO UNDERGROUND AND NEW UNDERGROUND FACILITIES TO BE INSTALLED TO THE LIMITS SHOWN. CONTRACTOR SHALL PROVIDE ALL NECESSARY COORDINATION, LAYOUT, SURVEYING, TRENCHING, EXCAVATION, BEDDING, BACKFILL AND RESTORATION FOR THE FRANCHISE UTILITIES TO SUCCESSFULLY COMPLETE THE CONVERSION/INSTALLATION. THE LAYOUT SHOWN IS APPROXIMATE AND A COMPILATION OF THE PROPOSED DESIGNS BY SNOHOMISH PUD, ZIPLY AND COMCAST.
- THE JOINT TRENCH LAYOUT, SWEEPS AND OTHER FEATURES SHOWN ARE APPROXIMATE UNLESS OTHERWISE NOTED. ADJUST AS NECESSARY TO MEET CLEARANCE REQUIREMENTS, SEE TABLE ON SHEET 98.
- ALL CONDUITS FOR UNDERGROUNDING SHALL BE FURNISHED BY THEIR RESPECTIVE UTILITY, UNLESS OTHERWISE NOTED. CONDUITS FOR ILLUMINATION AND SIGNAL SYSTEMS SHALL BE FURNISHED BY THE CONTRACTOR. CONDUITS AND VAULTS FOR SNOPOD UNDERGROUNDING SHALL BE FURNISHED BY THE CONTRACTOR.
- THE CONTRACTOR SHALL PROVIDE ALL NECESSARY EXCAVATION, HAULING & DISPOSAL OF UNSUITABLE BACKFILL, BEDDING, BACKFILL, TRAFFIC CONTROL AND UTILITY COORDINATION TO PROVIDE A COMPLETE INSTALLATION.
- UNDERGROUND SERVICE CONNECTIONS FOR FRANCHISE UTILITIES SHALL BE MADE BY THE FRANCHISE UTILITIES.
- CONSTRUCT JOINT UTILITY TRENCH PER THE TYPICAL TRENCH DETAILS AND SECTIONS (SHEETS 93 TO 96). ADJUST THE PROFILE AS NECESSARY TO AVOID CONFLICTS WITH EXISTING UTILITIES, WHILE MAINTAINING THE MINIMUM SPECIFIED COVER OVER CONDUITS AND A 12" MINIMUM VERTICAL CLEARANCE BETWEEN OTHER UNDERGROUND UTILITIES. THE CONTRACTOR SHALL VERTICALLY TRANSITION THE TRENCH DEPTH BY DEFLECTING JOINTS OR INSTALLING BENDS PER THE FRANCHISE UTILITY REQUIREMENTS.
- WORK SHALL BE PERFORMED TO ALLOW CONTINUED OPERATION OF ALL EXISTING UNDERGROUND AND OVERHEAD UTILITIES.

GENERAL JOINT UTILITY TRENCH NOTES

- EXISTING AERIAL UTILITIES TO BE CONVERTED TO UNDERGROUND AND NEW UNDERGROUND FACILITIES TO BE INSTALLED TO THE LIMITS SHOWN. CONTRACTOR SHALL PROVIDE ALL NECESSARY COORDINATION, LAYOUT, SURVEYING, TRENCHING, EXCAVATION, BEDDING, BACKFILL, AND RESTORATION FOR THE FRANCHISE UTILITIES TO SUCCESSFULLY COMPLETE THE CONVERSION/INSTALLATION. THE LAYOUT SHOWN IS APPROXIMATE AND A COMPILATION OF THE PROPOSED DESIGNS BY SNOHOMISH PUD, ZIPLY AND COMCAST.
- THE JOINT TRENCH LAYOUT, SWEEPS AND OTHER FEATURES SHOWN ARE APPROXIMATE UNLESS OTHERWISE NOTED. ADJUST AS NECESSARY TO MEET CLEARANCE REQUIREMENTS, SEE TABLE ON SHEET 97.
- ALL CONDUITS FOR UNDERGROUNDING SHALL BE FURNISHED BY THEIR RESPECTIVE UTILITY, UNLESS OTHERWISE NOTED. CONDUITS FOR ILLUMINATION AND SIGNAL SYSTEMS SHALL BE FURNISHED BY THE CONTRACTOR. CONDUITS AND VAULTS FOR SNOPOD UNDERGROUNDING SHALL BE FURNISHED BY THE CONTRACTOR.
- THE CONTRACTOR SHALL PROVIDE ALL NECESSARY EXCAVATION, HAULING & DISPOSAL OF UNSUITABLE BACKFILL, BEDDING, BACKFILL, TRAFFIC CONTROL AND UTILITY COORDINATION TO PROVIDE A COMPLETE INSTALLATION.
- UNDERGROUND SERVICE CONNECTIONS FOR FRANCHISE UTILITIES SHALL BE MADE BY THE FRANCHISE UTILITIES.
- CONSTRUCT JOINT UTILITY TRENCH PER THE TYPICAL TRENCH DETAILS AND SECTIONS (SHEETS 95 TO 98). ADJUST THE PROFILE AS NECESSARY TO AVOID CONFLICTS WITH EXISTING UTILITIES, WHILE MAINTAINING THE MINIMUM SPECIFIED COVER OVER CONDUITS AND A 12" MINIMUM VERTICAL CLEARANCE BETWEEN OTHER UNDERGROUND UTILITIES. THE CONTRACTOR SHALL VERTICALLY TRANSITION THE TRENCH DEPTH BY DEFLECTING JOINTS OR INSTALLING BENDS PER THE FRANCHISE UTILITY REQUIREMENTS.
- WORK SHALL BE PERFORMED TO ALLOW CONTINUED OPERATION OF ALL EXISTING UNDERGROUND AND OVERHEAD UTILITIES.

LEGEND

- JOINT UTILITY TRENCH (FEEDER)
- JOINT UTILITY TRENCH

BACKFILL NOTES

- BACKFILL JOINT UTILITY TRENCHES AND VAULTS AS FOLLOWS:
 - BENEATH PAVED ROADWAY AREAS AND CROSSINGS: PROVIDE CSTC BACKFILL UP TO BASE OF HMA PATCH
 - BENEATH SIDEWALKS, DRIVEWAYS AND APPROACHES: PROVIDE CSTC BACKFILL UP TO SUBGRADE OF CONCRETE CONSTRUCTION WITHIN ±8" OF FINISHED GRADE

RESTORATION NOTES

- PAVED ROADWAY AREAS SHALL BE RESTORED PER ROADWAY AND DRAINAGE PLAN SHEETS.

JOINT UTILITY TRENCH
DETAILS
PROJECT No. 13086 SHT 99 OF 114

EXHIBIT A

Any damage due to the Contractor's negligence before the end of the project shall be repaired by the Contractor with no additional compensation allowed.

Paint color and finish shall be powder coated in accordance with paint manufacturer's recommendations. See Section 6-07 for paint color and powder coating requirements. Touch up for scratches as recommended by coating manufacturer for field applications.

8-37.4 Measurement (New Section)
(February 1, 2022, MLT GSP)

Trash receptacles shall be measured per each trash receptacle furnished and installed.

8-37.5 Payment (New Section)
(February 1, 2022, MLT GSP)

"Trash Receptacle", per each.

The unit contract bid price, including all incidental work, shall be full compensation for all labor, material, tools and equipment necessary to satisfactorily complete the work as defined in the Standard Specifications and these Special Provisions. The payment shall include stainless steel anchor bolts, washer, nuts, bracket, concrete epoxy and another miscellaneous materials are not listing on this payment section. No additional payment shall be made for special tools and equipment to install Trash Receptacle.

Add the following new section:

8-40 JOINT UTILITY TRENCH

8-40.1 Description (New Section)
(May 5, 2014 MLT GSP)

This work shall consist of furnishing and installing underground facilities for aerial to underground conversion under the direction and inspection of the Engineer and the franchise utility providers. The franchise utilities are Snohomish County Public Utilities District No. 1 (SnoPUD), Comcast, and Ziply.

The contract documents contain the general layout plans and details for the Joint Utility Trench provided by the City and its consultants and based on designs provided by SnoPUD and the franchise utilities.

The Plans are intended to provide an overview of the work for bidding purposes and describe how it relates to other activities of the Contract. The Contractor shall coordinate with SnoPUD and the franchise utilities and perform construction per the individual utilities specifications. Conflicting information shall immediately be brought to the attention of the Engineer for resolution.

EXHIBIT A

The Contractor shall provide the following:

- Coordination with the franchise utilities and their inspectors.
- Excavation, bedding, and backfill for the joint utility trench (including pavement, sidewalk, and curb and gutter removal).
- Excavation for structures (vaults, transformers, junction boxes, pedestals, manholes, handholes, risers, etc..).
- Furnishment and installation of conduits and structures for SnoPUD facilities.
- Installation of structures both furnished by the Contractor and by the utility providers, including foundation, bedding, and backfill.
- Installation of conduits both furnished by the Contractor and by the utility providers, including spacers, bedding, and backfill.

Additional details and utility standards are provided in **Appendix I**.

8-40.2 Materials

(New Section)

(May 5, 2014 MLT GSP)

Conduit to be furnished by the Contractor shall be PVC Schedule 40 & Schedule 80 and shall meet the SnoPUD requirements in Appendix I.

Vaults to be furnished by the Contractor shall meet the SnoPUD requirements in Appendix I, except that all vault covers shall be slip resistant per Section 8-26.3 herein.

Comcast and Ziply will supply the conduit and structures for the Contractor's installation.

Joint utility trench and structure bedding, backfill, and Fluidized Thermal Backfill (FTB) encasement shall be per the SnoPUD standards in Appendix I or as shown on the Plans and described herein.

Conduit Pipe bedding shall be sand.

8-40.3 Construction Requirements

(May 5, 2014 MLT GSP)

The Contractor is advised that the layout shown on the Plans is approximate. The layout of the joint utility trench shall be adjusted as necessary to avoid conflicts with utilities and surface improvements, both existing and those to be constructed by the Contractor.

The Contractor is alerted that all improvements for the joint utility undergrounding work for the franchise utilities and City must remain within the City Rights-of-Way or within easements areas indicated on the Plans. Private service trenches will be allowed outside of these areas but shall match the layout shown on the Plans and in the property owner commitments in Appendix H to the extent possible. **All adjustments to the layout shown must be reviewed and approved by the Engineer and the franchise utility representative.**

EXHIBIT A

The Contractor is advised that the depths of the joint utility trench shown on the sections in the Plans are based on finished grade. No payment shall be made for excavation beyond the limits shown in the Plans without prior approval from the Engineer.

Excavation, bedding, and backfill of the joint utility trench and for the franchise utility structures shall be as generally described in Section 2-09 of the Standard Specifications except as modified in these Special Provisions and per the SnoPUD requirements in Appendix I.

Installation of franchise utility conduits shall be per the requirements of the franchise utilities shown on the plans and details and per the franchise utility standards in Appendix I. The Contractor shall perform all franchise utility work under the supervision and inspection of the franchise utility representatives.

Conduit placed for Ziply that is intended to connect to existing structures shall be placed by the Contractor up to the structure. Ziply contractor will core drill the manhole, if necessary for connection.

Installation of City conduits for illumination and City fiber shall be approved and accepted by the Engineer.

The Contractor shall keep records of the locations within the trench section where the conduit for each utility has been placed.

8-40.3(1) Shoring Or Extra Excavation Class B

(May 5, 2014 MLT GSP)

The provisions of the Standard Specifications shall apply to the joint utility trench and structure excavation work.

The Contractor, at no additional cost to the City, shall support all utilities (including utility poles) and existing structures under which the joint utility trench crosses or is directly adjacent to. The Contractor shall adjust shoring limits, methods and means in order to support and protect existing utilities and structures which are to remain operational while the joint trench is constructed.

8-40.3(2) Slip-Resistant Lids

(May 5, 2014 MLT GSP)

Slip resistant lids, covers and frames are required for all structures to be furnished by the Contractor.

Slip-resistant lid and frames shall be treated with Mebac#1 as manufactured by IKG industries, or SlipNOT Grade 3-coarse as manufactured by W.S. Molnar Co.

EXHIBIT A

Where the exposed portion of the frame is ½ inch wide or less the slip-resistant treatment may be omitted on that portion of the frame. The slip-resistant lid shall be identified with permanent marking on the underside indicating the type of surface treatment (“M1” for Mebac#1; or “S3” for SlipNOT Grade 3-coarse) and the year manufactured. The permanent marking shall be 1/8 inch line thickness formed with a stainless steel weld bead.

Slip-resistant lids shall have no opening, crevices or surface features that are more than ½ inch in diameter and no surface discontinuities greater than ¼ inch.

8-40.3(3) Placing Structures

(May 5, 2014 MLT GSP)

The Contractor shall install structures per Section 8-20.3(6) of the Standard Specifications except as modified by the utility standards in Appendix I.

8-40.3(4) Storing Structures and Conduit Furnished By Others

(May 5, 2014 MLT GSP)

The Contractor shall coordinate delivery and storage of materials furnished by Others as necessary to perform the Work as specified.

The Contractor shall provide ten (10) days notice to the franchise utilities to schedule delivery of all structures and conduit to be installed by the Contractor.

The Contractor shall provide a secure area for materials storage.

The staging area provided by the Contractor for the delivery and storage of franchise utility materials shall be secure. The staging area shall be fenced, secure and locked. All materials delivered to the staging area to be installed by the Contractor shall become the property of the Contractor until installation and acceptance by the franchise utility providers.

8-40.3(5) Inspection, Proofing and Approval of SnoPUD Conduits and Structures

(May 5, 2014 MLT GSP)

All conduit installed by the Contractor, for SnoPUD, shall be proofed by passing a mandrel through each conduit and leaving a ¼” pull-rope in place, per SnoPUD standards.

Written approval of the underground conduit and vault system shall be supplied by SnoPUD and the Project Engineer prior to the final progress payment being made.

8-40.3(6) Inspection, Proofing and Approval of Comcast and Ziply Conduits and Structures

(May 5, 2014 MLT GSP)

EXHIBIT A

All conduit installed by the Contractor for Comcast and Ziply, shall be proofed by passing a mandrel through each conduit and leaving a pull-rope in place, per Comcast and Ziply standards. The pull-rope shall be provided by Comcast and Ziply.

Written approval of the underground conduit and vault system shall be supplied by Comcast and Ziply and the Project Engineer prior to the final progress payment being made.

8-40.3(7) Private Service Connection

(Feb 26, 2018 MLT GSP)

Broadband and Telecommunications

The contractor shall install 1 ¼" diameter flexible polyethylene conduit pipe (black colored) including polyester pulling cord (aka rope) per detail as shown on the plans. Any conductors shall be installed by Ziply. The service conduit shall extend 18 inches high above the ground at residential house structure which is below at point of connection

The contractor shall install ¾" diameter flexible polyethylene conduit pipe (orange colored) per detail as shown on the plans. Any conductors shall be installed by Comcast. The service conduit shall extend 18 inches high above the ground at residential house structure which is below at point of connection.

Power Services

The conduit size for residential service riser (aka vertical conduit attached to the building structure and meter base) shall be 2 ½" diameter. The conduit size for residential underground service (aka conduit from pedestal to residential building) shall be 2" diameter. The contractor shall install power service conduit including polypropylene pull rope and conductor as identified in the table below. The contractor shall install power service conduit (aka vertical conduit above ground) from the pedestal to residential building per **Section 4 - Underground Service** of SnoPUD's Electrical Service Requirements (ESR) Manual Section 4 (https://www.snopud.com/Site/Content/Documents/esr/ESR_4.pdf) and as shown on the plans.

Residential Building

200 AMP Electrical Conductor

Descriptions	Size	Conductor Type	Insulation color	Meet Specification Requirement
Single Phase	4/0, 4/0	Aluminum	Grey	SnoPUD SPECS
Neutral	2/0			

The power service conductor installed by the contractor shall be de-energized and later energized by SnoPUD. The contractor shall install the conductor from the SnoPUD's

EXHIBIT A

1 service pedestals to the new meter base (Type A), weatherhead (Type B), or as directed by
2 SnoPUD (Type C). The contractor shall coordinate with SnoPUD to de-energize the
3 existing power service connection prior to removing the existing meter base. The contractor
4 shall notify residents of affected buildings a minimum of 48 hours in advance of any
5 electrical shut-down and/or meter base replacement.

Power Service Connection Assembly, Type A

6
7
8
9 The Contractor shall apply for an electrical permit for each residential building to be served
10 by a Type A power service connection within 15 working days prior to replacement of the
11 existing meter base (a.k.a. meter housing). The City will issue approval electrical permit
12 between 5 to 10 working days and waives any electrical permit fees including electrical
13 inspection cost to the contractor. The electrical permit application is available on through
14 the City's website (<http://www.cityofmlt.com/DocumentCenter/View/86>) or at City Hall.

15
16 After the SnoPUD de-energizes the existing meter, removes the electrical conductor from
17 the existing weatherhead on the building roof, and removes the existing meter from the
18 meter base, the contractor shall remove the existing meter base. The contractor shall also
19 remove the existing residential service riser to the roofline but modify the existing
20 weatherhead by cutting and leaving 6" of the weatherhead conduit pipe above the roof
21 surface. The contractor shall install any brackets to support the remaining riser conduit as
22 directed by the engineer or their designee and also install PVC or ductile conduit caps on
23 both ends of the remaining weatherhead conduit pipe with epoxy.

24
25 The contractor shall install the new residential service riser including the vertical conduit,
26 any necessary mounting hardware, and the new meter base (aka meter housing) assembly
27 per Figure 4-14 in **Section 4 - Underground Service** of SnoPUD's ESR Manual. The
28 meter base (aka meter housing) shall meet SnoPUD Standard as shown in Section 4 –
29 Underground Services of SnoPUD's ESR. The contractor shall connect the meter base to
30 electrical conductors. The meter base shall be completed installation include connection to
31 electrical conductor by approximately 1:30 PM and be ready for inspection. The contractor
32 shall coordinate with the City Electrical Inspector to inspect the meter base at
33 approximately 1:30 PM. The contractor shall also coordinate with the SnoPUD to begin
34 installation of the new power meter at approximately 2:00 PM to allow the new service to
35 be energized by approximately 3:00 PM.

Power Service Connection Assembly, Type B

36
37
38
39 The contractor shall coordinate with SnoPUD to de-energize the existing overhead power
40 service connection if required to install the new residential service riser including conduit
41 and weatherhead above the roof surface. The contractor shall drill (a.k.a. core) the
42 structural roof, install vertical conduit pipe, bracket, weatherhead, anchor to support
43 conduit pipe, stainless steel flashing, electrical conductor, and any other required materials,
44 per Figure 4-13 in **Section 4 - Underground Service** of SnoPUD's ESR and WAC 296-
45 46B-230, section 028. The contractor shall extend a minimum of 18" of electrical
46 conductor outside weatherhead and extend the conductor to the pedestal. The contractor

EXHIBIT A

shall notify the SnoPUD for connection electrical conductor at the weatherhead and energize the meter.

Power Service Connection Assembly, Type C

The contractor shall coordinate with SnoPUD to de-energize the existing and energize the new underground power service connection. The contractor shall coordinate with the SnoPUD to locate the existing underground power service. The contractor shall assist the SnoPUD to remove and re-install any existing electrical conductor and/or provide any required conduit. The contractor shall furnish and install new electrical conductor between the existing meter base and new SnoPUD pedestal at the following properties:

- a. 23504 56th Ave W
- b. 23502 56th Ave W
- c. 23406 56th Ave W
- d. 23404 56th Ave W
- e. 23308 56th Ave W
- f. 23208 56th Ave W
- g. 23206 56th Ave W
- h. 5508 234th St SW
- i. 5507 234th St SW
- j. 23307 56th Ave W
- k. 23305 56th Ave W
- l. 23303 56th Ave W
- m. 23301 56th Ave W
- n. 23209 56th Ave W
- o. 23205 56th Ave W
- p. 23203 56th Ave W
- q. 5506 232nd St SW

The Contractor shall apply for an electrical permit for the two properties above within 15 working days prior to replacement of the existing meter base (a.k.a. meter housing). The City will issue approval electrical permit between 5 to 10 working days and waives any electrical permit fees including electrical inspection cost to the contractor. The electrical permit application is available on through the City's website (<http://www.cityofmlt.com/DocumentCenter/View/86>) or at City Hall.

8-40.3(8) Franchise Utility Coordination (May 5, 2014 MLT GSP)

The Contractor shall be responsible for coordination and scheduling of all franchise utility installations.

The Contractor shall provide equipment and labor to unload materials into the secured storage area for conduits and structures delivered by the franchise utility providers.

EXHIBIT A

Additional coordination requirements:

- The Contractor shall proof all installed underground power conduits per the details on the Plans.
- The Contractor shall perform franchise utility work under the Inspection of the City as well as the Franchise Utilities.

8-40.4 Measurement

(May 5, 2014 MLT GSP)

“Shoring or Extra Excavation Class B for Joint Utility Trench”, will be measured per lump sum

“Structure Excavation Class B Incl. Haul for Joint Utility Trench - Main” shall be calculated per linear foot based on neatline measurements of the required excavation limits for trenches with multiple franchise utility conduits which contains at less one 6 In. Diam..

“Structure Excavation Class B Incl. Haul for Joint Utility Trench - Minor” shall be calculated per linear foot based on neatline measurements of the required excavation for trenches with multiple franchise utility conduits sizes 4 In. Diam. or smaller.

“Structure Excavation Class B Incl. Haul for Joint Utility Trench - Sweeps” shall be calculated per linear foot based on neatline measurements of the required excavation for trenches with conduits for a single franchise utility regardless of conduit sizes.

Excavation limits shall be as shown on the Plans, per the requirements in Appendix I or as directed by the Engineer and Franchise utility inspectors. The Engineer and the Contractor shall perform linear foot measurements of the trench and structure excavation lengths, widths and depths. Excavated areas shall be measured and agreed upon daily. The Engineer will convert the measurements to a cubic yard value for payment. Over excavation in lieu of shoring will not be measured for payment.

“Furnish and Install 6 In. SnoPUD Sch. 80 Conduit”, “Furnish and Install 6 In. SnoPUD Sch. 40 Conduit”, “Furnish and Install 4 In SnoPUD Sch. 80 Conduit”, “Furnish and Install 4 In SnoPUD Sch. 40 Conduit”, “Furnish and Install 2 In. SnoPUD Sch. 80 Conduit” and “Furnish and Install 2 In. SnoPUD Sch. 40 Conduit” shall be measured and paid per linear foot of conduit furnished and installed.

“Install 4 In. Comcast Conduit”, “Install 4 In. Ziply Conduit”, and “Install 2 In. Ziply Conduit” shall be measured and paid per linear foot of conduit installed when the conduit is furnished by Others.

“Fluidized Thermal Backfill” shall be measured per cubic yard based on truck tickets. The Contractor must provide truck tickets to the inspector on a daily basis.

EXHIBIT A

“Furnish and Install SnoPUD 4’8”x4’8” J-Box Vault V0203”, “Furnish and Install SnoPUD 42”x42” Transformer Vault V0301”, “Furnish and Install SnoPUD Secondary Pedestal V0102”, “Furnish and Install SnoPUD Secondary Pedestal V0103”, Furnish and Install SnoPUD Trayer Switch Vault”, “Furnish and Install SnoPUD Trayer Switch” shall be measured per each structure furnished and installed, including all conduit connections.

“Power Service Connection Assembly, Type A” and “Power Service Connection Assembly, Type B” shall be measured per each connection made and approved by the SnoPUD representative. “Power Service Connection Assembly, Type C” shall be considered incidental to other bid item of work.

“Install Comcast 25-TA Vault”, “Install Comcast Handhole”, “Install Ziply 3’x5’ Vault”, “Install Ziply 2’x3’ Vault”, “Install Ziply Handhole”, and “Install Ziply Pedestal” shall be measured and paid per each structure installed, including all conduit connections when the structure is furnished by Others.

Backfill for trenches and structures shall not be measured for payment and shall be considered incidental to the trench and structure excavation installation.

8-40.5 Payment

(May 5, 2014 MLT GSP)

“Shoring or Extra Excavation Class B for Joint Utility Trench”, per lump sum

The unit price per lump sum for “Shoring or Extra Excavation, Class B, for Joint Utility Trench” will include all costs for the labor, materials, and equipment to complete the work, including extra excavation for installing shoring box, hauling, installing and removing of shoring box, loading and hauling unsuitable materials to waste and waste fee.

“Structure Excavation Class B Incl. Haul for Joint Utility Trench - Main”, per linear foot.
“Structure Excavation Class B Incl. Haul for Joint Utility Trench - Minor”, per linear foot.
“Structure Excavation Class B Incl. Haul for Joint Utility Trench - Sweeps”, per linear foot.

The unit contract price for “Structure Excavation Class B Incl. Haul for Joint Utility Trench_____” shall be full compensation for all labor, material, tools and equipment necessary to satisfactorily complete the work as shown on the Plans and as defined in the Standard Specifications, these Special Provisions and in Appendix B, including excavating trenches for conduits, hauling and disposing of unsuitable material, waste fees, and dewatering, if required.

“Furnish and Install 6 In. SnoPUD Sch. 80 Conduit”, per linear foot.
“Furnish and Install 6 In. SnoPUD Sch. 40 Conduit”, per linear foot.
“Furnish and Install 4 In SnoPUD Sch. 80 Conduit”, per linear foot.
“Furnish and Install 4 In SnoPUD Sch. 40 Conduit”, per linear foot.
“Furnish and Install 2 In. SnoPUD Sch. 80 Conduit” per linear foot.

EXHIBIT A

1 “Furnish and Install 2 In. SnoPUD Sch. 40 Conduit” per linear foot.

2
3 The unit contract price for the items above, including all incidental work, shall be full
4 compensation for all labor, material, tools and equipment necessary to satisfactorily
5 complete the work as shown on the Plans and as defined in the Standard Specifications,
6 these Special Provisions and in Appendix I, including furnishing and installing conduit,
7 fittings, bends, pull chord, furnishing and placing sand bedding and trench backfill,
8 furnishing and placing conduit spacers, and other incidental items of work necessary to
9 install the conduits to the satisfaction of the franchise utility representative and the
10 Engineer.

11
12 “Install 4 In. Comcast Conduit”, per linear foot.

13 “Install 4 In. Ziplly Conduit”, per linear foot.

14 “Install 2 In. Ziplly Conduit”, per linear foot.

15
16 The unit contract price for the items above, including all incidental work, shall be full
17 compensation for all labor, material, tools and equipment necessary to satisfactorily
18 complete the work as shown on the Plans and as defined in the Standard Specifications,
19 these Special Provisions and in Appendix I, including installing conduit, fittings, and bends
20 furnished by others, furnishing and placing sand bedding and trench backfill, compaction,
21 and other incidental items of work necessary to install the conduits to the satisfaction of
22 the franchise utility representative and the Engineer.

23
24 “Private Service Connections”, per lump sum.

25
26 The lump sum Contract price for “Private Service Connections”, shall be full pay for all
27 labor, tools, and equipment as necessary to necessary to satisfactorily complete the work
28 as shown on the Plans. The payment shall including trench excavation, furnishing and
29 installing conduits, fittings, and bends, furnishing and placing sand bedding and trench
30 backfill, compaction, removal of excavated materials, trench surface restoration,
31 sawcutting, remove and dispose concrete walkways, remove and restore planters, remove
32 re-install or dispose rockery wall as not called out on the plans, remove and re-install
33 planter boxes (including brick planter boxes), remove and dispose or re-install existing
34 vegetation (bushes and small tree), and other incidental items of work necessary to install
35 the conduits to the satisfaction of the franchise utility representative and the Engineer. All
36 additional materials and labor, not shown in the Plans or called for herein and which are
37 required to complete the private service connections, shall be included in the lump sum
38 Contract price.

39
40 “Fluidized Thermal Backfill”, per cubic yard.

41
42 The unit contract price for “Fluidized Thermal Backfill” shall be full compensation for all
43 labor, material, tools and equipment necessary to satisfactorily complete the work as shown
44 on the Plans and as defined in the Standard Specifications, these Special Provisions and in
45 Appendix I, including the cost to add coloring to the mix.

EXHIBIT A

“Furnish and Install SnoPUD 4’8”x4’8” J-Box Vault V0203”, per each.

“Furnish and Install SnoPUD 42”x42” Transformer Vault V0301”, per each.

“Furnish and Install SnoPUD Secondary Pedestal V0102”, per each.

“Furnish and Install SnoPUD Trayer Switch Vault”, per each.

“Furnish and Install SnoPUD Trayer Switch, per each.

The unit contract price for the items above, including all incidental work, shall be full compensation for all labor, material, tools and equipment necessary to satisfactorily complete the work as shown on the Plans and as defined in the Standard Specifications, these Special Provisions and in Appendix I, including structure excavation, furnishing and installing structures, making connections to conduits, furnishing, installing and compacting backfill, removal of excavated materials and dewatering, if required.

“Install Comcast 25-TA Vault”, per each.

“Install Comcast Handhole”, per each.

“Install Ziplly 3’x5’ Vault”, per each.

“Install Ziplly 2’x3’ Vault, per each.

“Install Ziplly Handhole”, per each.

“Install Ziplly Pedestal”, per each.

The unit contract price for the items above, including all incidental work, shall be full compensation for all labor, material, tools and equipment necessary to satisfactorily complete the work as shown on the Plans and as defined in the Standard Specifications, these Special Provisions and in Appendix I, including structure excavation, installing structures, making connections to conduits, furnishing, installing and compacting backfill, removal of excavated materials and dewatering, if required. The payment shall include loading and hauling of removal unsuitable material displaced by the furnished import material, and waste fee.

No payment shall be made for Franchise Utility Coordination. All costs related to Franchise Utility Coordination shall be considered incidental to variety bid items on Section 8-40.5 of these Special Provisions.

- For applications requiring a vault cover with a slip resistant steel hatch, specify SlipNOT cover MID 1002120.

C.U.	Description	Qty	MID
V0203	Vault, Conc 4'8"W x 4'8"L x 3'6"H & Cover, Vault 4'8"W x 4'8"L x 6"H w/ 3"W x 3'L Diamond Plate (Cover only MID 765646)	1	766397

EXHIBIT A

C.U.	Description	Qty	MID
V0204	Vault, Conc 4'8"W x 4'8"L x 3'6"H & Cover, Vault 4'8"W x 4'8"L x 6"H Solid Concrete (Cover only MID 765547)	1	766420

Notes:

1. The above vaults are rated for H20 loading, but are not recommended for high traffic areas.
2. For high traffic applications, i.e., full H20 loading, where vault lid will be subject to heavy impact vehicular traffic, e.g., in streets, specify a vault cover with a heavy duty ductile iron lid, MID 1003599.

V0300-1A - Open Bottom Vaults

Revision 5
Mar 5, 2013

C.U.	Item	Description	Qty	MID
V0300	A	Vault, Open Bottom Fiberglass	1	766230
	B	Cover, J-Box Fiberglass	1	1001644

Note:

- Penta-head hold-down bolts are included with lid. If replacements are needed, use MID 112128 (3/8"-16 x 1-1/2" stainless steel penta-head bolts).

EXHIBIT A

C.U.	Description	Qty	MID
V0300A	Vault, Open Bottom Concrete 1Ø J-Box Cabinet	1	766214

C.U.	Description	Qty	MID
V0301	Vault, Open Bottom Fiberglass	1	766230

EXHIBIT A

C.U.	Description	Qty	MID
V0301A	Vault, Open Bottom Concrete 1Ø Padmt Xfmr	1	766206

Notes:

1. Open bottom mini-vaults are used for 1Ø padmount transformer installations, 100 kVA and smaller.
2. Fiberglass mini-vaults (V0300 & V0301) may hold a maximum of 8 secondary and primary conduits. Concrete mini-vaults (V0300A & V0301A) may hold a maximum of 4 secondary and primary conduits. In addition, both types of vaults may have a single flex conduit feeding a single secondary pedestal directly behind the vault. Refer to [T&D Guideline 4-23-5.0](#) for more information.
3. Fiberglass mini-vaults include two hold-down cleats for securing the transformer to the vault. Additional cleats may be ordered as follows:

MID	Length
1000688	6-1/4"
1000689	3"

V0504 - Concrete Vault for Submersible Switchgear 9'-7"W x 15'-7"L x 8'-9"D

Revision 2
Jan 15, 2019

C.U.	Section	Description	Qty	MID
V0503A		Vault, 4-Piece Conc. for Submersible Switchgear	1	1003674
	Bottom	9'-7"W x 15'-7"L x 1'-3"D		
	Riser	9'-7"W x 15'-7"L x 2'-6"D		
	Middle	9'-7"W x 15'-7"L x 4'-0"D		
	Cover	9'-2"W x 15'-2"L x 1'-0"D w/ (4) Spring Assisted Doors		

Notes:

- 1. See [T&D Guideline 4-4-3.8](#) for required vault clearances.
- 2. Section weights are approximate.

Cost Estimates — MLT Main Street Phase 2

Prepared from attached estimating spreadsheets (UG Install and OH Like-for-Like Credit).

Exhibit B — PUD Project Cost Estimate

Project: MLT Main St Phase 2 | W.O. #: 100090585 | Estimate Date: 05/08/2026

Summary

Cost Element	Amount
Construction Labor (loaded)	\$212,723.48
Engineering Labor (loaded)	\$30,451.04
Materials (incl. Stores O/H)	\$793,961.36
